

## TEXANS HOLD CARRANZA SUPPORTERS RESPONSIBLE

### COMMITTEE OF CITIZENS MAKES REPORT TO GOVERNOR FERGUSON

**Business Men Along Border Believe Mexican Authorities Are Prepared, In the Event American Troops are Again Landed at Vera Cruz, to Make a Dash Into Texas—People in the Lower Rio Grande Much Disturbed.**

**BULLETIN.**  
BROWNSVILLE, Tex., Aug. 13.—Twenty men crossed the Rio Grande from Mexico tonight near Mercedes, about forty miles up the Rio Grande from here.

American officers warned that such a crossing would be attempted, had disposed armed forces at several points where the attacks were expected. Late tonight three of these forces were closing in on the Mexicans, expecting to surround them.

SAN ANTONIO, Tex., Aug. 13.—Constituted authorities in Mexico, Carranza supporters, are held by many citizens of Texas to be responsible for the bandit outrages in the lower Rio Grande country, according to the report of a committee of prominent citizens, headed by Congressman John H. Garner, that made a report today to Governor Ferguson and Major General Frederick Funston.

The committee is composed of Adjutant General Henry Hutchings, of the Texas National Guard; Judge H. L. Yates, of Brownsville; Judge Caesar Kleberg, of Kingsville; A. B. Cole and John Gregg of Brownsville and Lamar Gill of Raymondville.

**Gardner Gives Report.**  
Speaking for the committee, Mr. Gardner said:

"The constituted Mexican authorities are believed by leading business men along the border to be prepared, in the event American troops again are landed at Vera Cruz, to make a dash into Texas. The large bodies of Mexicans in northern Mexico available for immediate use in case orders are given to attempt to carry out the plan of San Diego would enable the Mexicans to brush aside the troops at present guarding the border and penetrate a considerable distance into Texas. Of course they would be defeated and driven back but before sufficient American troops could be sent into the border country the Mexicans would have destroyed valuable American life and property."

"The people in the lower Rio Grande are much disturbed. So far as we are able to learn the raiders are Carranzistas. There are some persons along the Rio Grande who believe that the raids are being made by small bands of brigands, merely seeking plunder. So far they have kept close to the border and retreated across the Rio Grande as soon as they encountered any determined resistance."

**Certain Amount of Concerted Action.**  
"There appears to be a certain amount of organization and concerted action among the bandits which gives cause for the belief that constituted Mexican authorities are behind these raids. It is not understood why they have been started so early, for evidently it was not the intention to alarm Texans until the Mexicans were ready for aggressive action."

"I have no doubt that many more Mexicans have been killed than have been reported. Texans along the border are angry and when raiders are caught they must either surrender or take the consequences. If they show fight they are killed."

Adjutant General Hutchings, who has been at the border nearly a week would make no statement regarding conditions there except to say that he thought they had not been exaggerated.

**Search For Band of Mexicans.**  
Brownsville, Tex., Aug. 13.—Search for a band of about thirty Mexicans proceeded tonight in the mesquite brush about fifty miles north of Brownsville.

Meanwhile 1,600 United States cavalrymen and 1,000 infantrymen on patrol duty between Brownsville and Laredo. Texas Rangers and peace officers use a swift and effective type of border justice in the cases of Mexicans with bad records who are accused of implication in the raids.

The band north of Brownsville is the only one known of Mexican raiders still undisturbed or driven across the Rio Grande. It is about half of the gang which attacked the Norias ranch house Sunday night. Its members include men who before the attack are alleged to have issued a proclamation, announcing that they were attempting to conquer a part of Texas. At least 35 members of this band came direct from the Mexican side of the Rio Grande. It is said by officers here. Facts about this band were obtained by Sheriff W. T. Vann of Cameron county and by Capt. A. V. P. Anderson, of the 12th United States Infantry.

**Bandit Gives Written Statement.**  
Manuel Rincones, who said he was forced to join the band, is said to have given Captain Anderson a written statement. The statement described the brush, where the Mexicans hide, as being so thick that it was necessary to roll their water barrel to get it into camp. This gang carried a white flag with the yellow letter "E" embroidered upon it.

Some of the Brownsville Mexicans asserted this "E" stood for Procopio Elizondo, one of the chief officers of General E. P. Nafarrete, Carranza commander at Matamoros, opposite here. Elizondo denied that he or his name had any connection with the white flag.

Chiefs of the Norias gang, the Rincones statement said, were named Luis, Miguel and Gabriel. Miguel, he said, shot and killed one of the wounded members of his band whom he considered too badly injured to be taken with the outlaws after a fight.

**Bring Word in Advance of Outbreak.**  
Ranger Captains Fox and Cauders, who have been working in the section north of Brownsville, have had their men running down clues to identify the raiding Mexicans. It can be said on good authority that one of the clues indicates that some Mexicans in the interior of Coahuila, a Mexican border state, brought word in advance to their compatriots in Texas that the recent outbreak was about to occur. There was evidence also that some of the principal leaders of the raids have returned to Mexico.

There is serious apprehension in Brownsville as to the truth of reports that in case of any repetition of the Americans landing at Vera Cruz an attempt will be made by Carranza troops in Matamoros to sack Brownsville in reprisal. So strong is this belief among leading citizens that pressure will be brought to bear to procure more federal troops to protect the city.

Although the number of Mexicans killed in recent raids is given officially at between 15 and 20, it is known that more have been killed. Several Mexicans have been shot while resisting arrest.

So thorough has the rangers search been made that there is good reason to believe that nearly all of the marauders have been driven out of the Brownsville section or are so frightened that they will remain peaceful until they get aid from Mexico.

**Prints Fiery Editorial.**  
Laredo, Tex., Aug. 13.—A Carranza newspaper of this city today prints a fiery editorial which is regarded among the susceptible element of Mexicans here as "a call to arms." Translations of the editorial have been forwarded to Washington and to Major General Funston. The editorial says in part:

"If you are Mexicans, read, Article 31 of the constitution, which says 'It is the obligation of every Mexican to defend the independence, the honor and the rights and interests of the fatherland,' and read Article 35 of the constitution, which says: 'It is the prerogative of every Mexican citizen to take up arms for the defense of the republic or its institutions.'"

"That is to say, it is not only the obligation to defend the republic when its sovereignty is attacked but it is the prerogative, right and honor to do so."

**"A. B. C. Has Made Mistake."**  
El Paso, Tex., Aug. 13.—A statement attributed to General Victoriano Huerta, former Mexican dictator, published here today says:

"The A. B. C. has made a mistake both politically and diplomatically. It has erred against its interests because it is working in favor of an anti-nationalist policy. Today it feels proud to form part of the league to decide the fate of Mexico. But the most fundamental caution should warn it that tomorrow the same tribunal, with different components, could judge and decide its own fate, as the chancery of Washington never will be short of comrades who will decide according to its own wishes the fate of the countries on this continent."

"That A. B. C. should not forget the old Castilian proverb: 'Today for you, tomorrow for me.'"

Houston, Tex., Aug. 13.—Claims that large bodies of revolutionary troops in Mexico have surrendered to Carranza on account of rumors of possible intervention by the United States, were made in a message received.

## STRIKERS ATTACK NON UNION DRIVERS

**CROWD OF FIVE HUNDRED PELT  
THREE MEN WITH STONES**

Score of Persons is Injured in St. Louis Riot, but None Seriously—One of the Mob Leaders is Taken From Police Twice.

St. Louis, Aug. 13.—A fight between 500 strikers and sympathizers on one side and three non union drivers and a score of policemen on the other, in front of the St. Louis Transfer company's stable tonight was the initial act of violence in the strike of 1,500 transfer drivers and chauffeurs which began here today.

**Fight Begins at Substation.**  
The fight began at a postoffice substation where twenty pickets were waiting for three drivers who had been hauling mail during the day. There was only one policeman at the station but he held off the strikers while the last load of mail was being taken from the wagons.

As the empty wagons started for their stables the crowd of strikers, which hooted and threatened the drivers was considerably augmented. The policeman turned in a riot call. Before the wagons had gone half a dozen block 500 men and boys were pelting the drivers with stones.

The first squad of police reinforcements arrested one of the mob leaders but the prisoner was rescued by the crowd before a patrol box was reached. A little farther down the street more police met the rapidly increasing mob and again attempted an arrest. Again the strikers and their sympathizers rescued the prisoners.

**Abandon Wagons and Escape.**  
The stable was only two blocks away. Lashing their horses the drivers made a final dash and reached the shed a minute before their pursuers. Abandoning the wagons the drivers escaped.

A score of persons had been injured by bricks and stones but none seriously. The police used their clubs freely. During the chase the drivers were fired upon twice but neither shot took effect.

Officials of the teamsters' union who arrived on the scene after the disturbance disclaimed all responsibility for the affair saying the union intended to conduct the strike without violence.

## DARKNESS HALTS WORK OF RAISING STEAMER EASTLAND

**Disfranchisement Clyne Announces  
Ship Has Been Raised 73 Per  
cent of the Distance Necessary to  
Right Her.**

Chicago, August 13.—When the work of raising the steamer Eastland, which capsized in the Chicago river and drowned nearly 1,000 persons was stopped by darkness tonight, United States District Attorney Charles F. Clyne announced that the channel ship had been raised 73 per cent of the distance necessary to right her. Mr. Clyne's announcement was based on calculations made by government engineers.

At dawn tomorrow engineers selected by the federal authorities for the purpose will begin the examination of the Eastland's interior. They will subsequently be summoned before the federal grand jury to report their findings.

Members of the committee on buildings and grounds of the board of education today adopted a resolution recommending the teaching of swimming in the public schools. The resolution provides that each school building be provided with an enclosed tank here instructions in swimming may be given every pupil in summer and winter months.

It is estimated that it will cost the city about \$1,000,000 a year to add swimming to the public school curriculum. The steamer Eastland disaster led to a consideration of the subject.

When the upper deck of the Eastland was floated above the surface of the river Richard Considine, an investigator from the office of the state's attorney announced that he could see the cabin of Harry Pederson, captain of the vessel had been broken into. He said that papers of great value which the state hoped to use at the trial of those indicted in connection with the catastrophe probably had been lost. The cabin had been locked by Captain Pederson before the ship overturned. The key had been turned over to State's Attorney Hoyne and Mr. Considine was on the scene ready to search for this evidence.

## AGED TAZEWELL COUNTY RESIDENT DIES.

Peoria, Ill., Aug. 13.—Retaining all the faculties to within a few hours of her death, Mrs. Cleopatra Griffith, widow of the late John C. Griffith, died near Tremont in Tazewell county today at the age of 99 years and six months.

Her only son fought in the battle of Gettysburg, in which he was killed on July 3, 1863. Mrs. Griffith was possessed of considerable wealth.

## DEPARTMENT STORE BURNS.

Muncie, Ind., Aug. 13.—Fire tonight destroyed the G. W. Rowlett department store here and damaged other buildings. The loss is estimated at \$165,000.

## APPEAL IS SENT TO MEXICO CITY

**Document Will be Forwarded  
in Spanish to the  
Various Chiefs Today**

## SCOTT STAYS ON BORDER

**It Is Believed Army Chief is  
Expected to Perform Important  
Missionary Work**

## EXPECT CARRANZA TO RESIST

WASHINGTON, Aug. 13.—The Pan-American appeal to all elements in Mexico to join in a movement to restore constitutional government began to go forward from the state department tonight.

**Send Appeal to Capital.**  
First the document was dispatched in English to Mexico City, directed to the various Latin-American legations whose attaches will translate it into Spanish and deliver it to the military leaders in that vicinity.

Tomorrow the appeal in Spanish will be forwarded directly to Generals Villa and Carranza, governors of states and many other chiefs in different parts of the country. The text will be made public here within a few days.

With the appeal dispatched, the United States government will institute a friendly and persistent effort to induce Mexican leaders, who thus far have shown a disposition to oppose the movement, to sacrifice their personal views in the common Mexican interest.

**Expect Defiance From Carranza.**  
That General Carranza will maintain the defiance he had indicated on the situation is expected by the administration, but it is regarded as probable that many of his generals and other adherents can be induced to join in a peace convention.

It is believed here that if a few of the Carranza generals participate in a convention of the factions it will not be long before organized opposition to a new government could be effectively checked.

In this connection it has been reported that General Hugh L. Scott, chief of staff of the army, who is remaining at the border at the request of the state department is expected to perform important missionary work. General Scott knows many of the Mexican military leaders personally and it is believed he may exert a powerful influence.

Absolutely no resistance to the plan is expected from any source other than from General Carranza and in some quarters the feeling is growing that even Carranza himself may respond favorably to the appeal after he has studied its friendly tone and seen that he has been misinformed regarding its purposes.

**Ready to Eliminate Themselves.**  
General Villa and his adherents made it clear today that they are ready to eliminate themselves for the common welfare provided there is no recognition of the old clerical group and that a constitutional government is restored.

Romulo S. Naon, the Argentine ambassador, hurried to Washington today to confer with Secretary Lansing concerning reports circulated that there has been difference of opinion between the state department and the Argentine government regarding the Mexican peace proposals.

These reports said denial had been made here of a statement issued by the Argentine minister of foreign affairs that the Pan-American conference was based from the beginning on the assurance that any thought of armed intervention would be eliminated from the plans.

After his conference with the ambassador today Secretary Lansing stated that there had been no misunderstanding whatever and that he had assured the ambassador there was no warrant for published statements which had aroused him.

"There never has been any misunderstanding with the Argentine government," Mr. Lansing said and in this connection I wish to say that intervention in Mexico was not mentioned at any of the conferences."

## CONFERENCE ON BORDER SITUATION.

The Mexican border situation was the subject of a conference today between President Wilson and Assistant Secretary Breckinridge of the war department. The president had before him the appeal of Governor Ferguson of Texas for more federal troops. Mr. Breckinridge submitted General Funston's report regarding recent disturbances and outlined the military forces now on the border. Later Mr. Breckinridge reiterated the statement that no more troops would be ordered to the border unless General Funston should request them.

Persistent reports that armed Mexicans are crossing the border endeavoring to stir up trouble are regarded as significant, however, and a strict patrol is being kept. The battleships New Hampshire and Louisiana are expected to reach Mexican waters in a few days. It is regarded as practically certain that at least one of the ships will

## PRINTERS DEFEAT LYNCH'S PROPOSAL

**VOTE TO HOLD ANNUAL CONVENTIONS  
IN VARIOUS CITIES**

Proposition to Increase Salaries of Secretary and Treasurer and President From \$3,500 to \$5,000 Are Defeated.

Los Angeles, Aug. 13.—As far as delegates to the 1915 convention of the International Typographical union are concerned the annual sessions of the organization will continue to be held in which ever city wins the honor of acting as host. Propositions introduced by James M. Lynch former president and by other delegates providing that all conventions after 1916 be held in Indianapolis, the international headquarters or in Colorado Springs were favorably reported by the committee on laws and after some debate these reports were adopted in convention by a large majority.

**Lynch Speaks For Proposal.**  
In supporting his proposition Lynch declared that the almost continuous entertainment incidental to the holding of conventions prevented the delegates from giving the important business before them due consideration. He said the average time of consideration on each one of 165 propositions before the convention had been four minutes. He asserted further that he had never in his experience known a convention of the International Typographical union to benefit the city in which it was held from a unionizing standpoint.

Thomas C. Parsons chairman of the committee on laws maintained that the holding of the conventions in various cities was of great value from an advertising standpoint and in spreading unionism.

**Refuse to Increase Salaries.**  
The committee on laws reported unfavorably on the propositions to increase the salaries of the secretary and treasurer and president from \$3,500 to \$5,000 on the ground that the time was inopportune. The report was adopted.

A proposition to make the secretary of a local union having less than one hundred members and entitled to one delegate the representative by virtue of his office was defeated as was one offered by the Denver delegation placing women members on the same wage basis as men.

## PEACE AND FREEDOM OF THE SEAS IS KEYNOTE OF MEETING

CHICAGO, Aug. 13.—"Peace and the Freedom of the Seas" was the keynote of a meeting held here tonight for the purpose of making plans for the national peace convention to be held in this city Sept. 5 and 6. Dr. J. J. Tobias, of Chicago, was the presiding officer and Dr. G. L. Hagenberger, of Boston, was recording secretary.

"Without casting any reflections on the part that the present national administration has played in the war," Dr. Tobias said, "we feel that an end should be put to traffic in arms."

Miss Ray Beveridge, of Chicago, who served as a Red Cross nurse for eight months during the present war, spoke "as an American woman who has picked American-made bullets from men who have been wounded in the war and wishes to see an end to the slaughter."

## TO ORGANIZE FOR PURPOSE OF MARKETING THE COTTON CROP

GALVESTON, Tex., Aug. 13.—Organization of a permanent association of southern states bankers which shall have for its purpose the marketing of the cotton crop of the south will be one of the results of a meeting of southern bankers to be held tomorrow, according to the plans of the leaders.

Scientific marketing shall be the aim of the proposed association, according to Joseph Hersch, of Corpus Christie, president of the Texas Bankers' association, who called the meeting.

## LARGE LUMBER YARDS BURN.

Sacramento, Cal., Aug. 13.—Fire, presumably of incendiary origin, destroyed today the lumber yards of two companies at Portola, at a loss estimated at \$500,000. This afternoon the flames were sweeping toward the great saw mill of the Feather River Lumber company.

## ADMIRAL MCGOWAN DIES.

Washington, Aug. 13.—Rear-Admiral John McGowan, U. S. N., retired, of this city, died suddenly today at Twilight Park, N. Y., where he was spending the summer. He was 72 years old and was born at Port Penn, Del. Burial will be Monday in Arlington National cemetery.

## FAIL TO FIND BOY.

Ottawa, Ill., Aug. 13.—After 48 hours of search, no trace had been found tonight of Roy Knoblauch, the twelve year old Oglesby boy who disappeared last Wednesday.

be ordered to proceed directly to Vera Cruz. Secretary Lansing made plans today for receiving Jose Cardoso, Brazilian minister to Mexico, who is due to reach New Orleans Sunday on the U. S. S. Sacramento. Mr. Lansing telegraphed Governor Hall, of Louisiana, requesting that courteous be extended the visiting diplomat.

## PACIFIC MAIL COMPANY SELLS FIVE STEAMERS

**SHIPS ARE BOUGHT BY ATLANTIC  
TRANSPORT CO., OF WEST VIRGINIA**

Vessels Sold Are Virtually the Largest and Best in the Pacific Mail Service—To Withdraw Steamers Because of New Steamers Law.

New York, Aug. 13.—The Pacific Mail Steamship company, in pursuance of its plan announced some time ago to dispose of its fleet, has sold five of its steamers to the Atlantic Transport company, of West Virginia. The steamers so disposed of are the Manchuria, Mongolia, Korea, Siberia and China. No terms were mentioned in the announcement today and the officials declined to discuss the matter at this time.

The last sailing from San Francisco by any of these vessels to Oriental ports under the Pacific Mail flag will be on Aug. 25 by the Mongolia. Some months ago the Pacific Mail Steamship company indicated that it would withdraw its steamers from the trans-Pacific service and probably dispose of them because of the new Seamen's law, the terms of which, it is claimed made it impossible to compete with Japanese lines. Many of the members of the crews, chiefly in the fire rooms, consist of cheap colic labor and under the new law the Pacific Mail would have to replace them with men speaking the same language as the officers of the ship. This, it was stated, was one of the most onerous clauses of the new law but there were others which contributed to the decision of the company to dispose of its property.

The vessels sold are virtually the largest and best in the Pacific Mail service. The Mongolia and the Manchuria are sister ships of 27,000 tons each; the Korea and the Siberia each have a tonnage of 18,000 tons and the China is of 10,200 tons burden. All of these vessels now are in commission in the Pacific service.

## WILSON WILL REVIEW AMATEUR SOLDIERS AT PLATTSBURG

**General Wood Plans to Take Men  
to New York to Participate in  
Labor Day Parade.**

Plattsburg, N. Y., Aug. 13.—President Wilson will review the thousand and amateur soldiers training at the military camp of instruction here. Major General Leonard Wood today sent an invitation to the president asking him to visit the camp and receive a reply that the nation's chief executive would do so, at some time within the next three weeks.

Invitations to visit the camp also were sent to former President Roosevelt, Secretary of War Garrison, General Hugh L. Scott, chief of staff and many other prominent men. If the plans of Major General Wood are carried out the men will be taken to New York to participate in the Labor Day parade and will turn in their equipment at the Governors' Island barracks.

The aptness with which the men are learning army drills has surprised admirers of the most experienced regular army officers ever have witnessed, Captain L. C. Andrews asserted tonight.

Captain Andrews today had charge of the cavalry instruction and said he had only hoped to have the men get a general idea of what the work meant. Before the day was ended, however, the troops had gone through the mass formations and drilled, swinging once into a brilliant charge. Tomorrow they will be ready to commence the battle exercises.

## RACING DRIVER IS KILLED.

Spirit Lake, Ia., Aug. 13.—R. E. Donaldson of Milford, Iowa, owner of the racing car Emden, was instantly killed while driving his car in a race here this afternoon. Mechanician Wilcox probably was fatally injured.

Two sons of the deceased won first and second places in the race after the death of their father, not knowing he had been killed.

## CARDINAL DENIES REPORT.

New York, Aug. 13.—Cardinal Gibbons, in a statement over his signature tonight, gave emphatic denial to London dispatches which stated that he and Cardinal O'Connell of Boston, had called a meeting of neutral cardinals and bishops to be held in Switzerland for the purpose of discussing peace plans among the European belligerents.

## ZEPPELINS AGAIN RAID COAST

**BULLETIN.**  
PETROGRAD, via London, Aug. 13.—The Russian war office in an official communication tonight admits the evacuation of the towns of Sokolow, Siedlce and Lukow, to the east of Warsaw, but claims that the Germans in the region of Riga have been driven back and that near Kovno the Germans have abandoned their attack.

LONDON, Aug. 13.—Field Marshal Von Hindenburg has personally taken command of the German army attacking Kovno and, according to the German official report issued tonight, has made further progress in the fighting against the Russians in that region.

The selection of Germany's national hero for the duty of capturing the fortress of Kovno which stands between the Germans and Vilna and the Warsaw-Petrograd railway is an indication of the importance which the German general staff attaches to this operation.

**Fight Hard to Retain Cities.**  
The news that the civilians had commenced to evacuate Kovno as well as Vilna led to the belief in many quarters that Russians either had decided to give them up or had no hope of holding these points. Now, however, they are fighting hard to retain both cities and in the latest official report from Petrograd it is claimed that the Russians have repulsed the German attacks, except at one point, where a desperate artillery engagement is in progress.

Farther north, between Poneviesch and Dvinsk where General Von Buelow a week ago was advancing rapidly toward the railway, the Germans apparently have suffered a setback, for the Russians now speak of having recaptured the town of Tolvyn, which is considerably west of the point to which the Germans had penetrated.

South of Riga also, the Germans are said to be doing little more than holding their own, so that the talk of advance toward Petrograd seems to be developing slowly.

On the other hand, the Germans continue to drive in the Russians to the northeast and east of Warsaw and with the capture of Siedlce are within short distance of the Bug river, one of the main supports of the Prast-Litovsk line, which, it was believed, the Russians originally intended to hold but which the German offensive to the northeast may prevent.

Field Marshal von Mackensen, who commands the Germans in the southeast, between the Vistula and the Bug, again is reported to have been held up by a Russian counter attack.

The German crown prince continues his attempts to pierce the French line in the forest of the Argonne. He has had a few local successes but the losses he has sustained in the series of attacks are said to have been very heavy. The German also have attacked in Artois but without success according to the French account.

**Zeppelins Raid Coast.**  
Two Zeppelins last night visited the east coast of England, dropping bombs. Six persons were killed and twenty three injured; fourteen houses were seriously damaged.

This is the sixteenth air raid on England since the commencement of the war and in all seventy six persons have been killed and 175 injured, while two Zeppelins on their way home were destroyed and one of those which took part in last night's raid is believed to have been damaged by anti-aircraft guns.

The negotiations between the Balkan states are proceeding but thus far no sign of any settlement of the questions at issue.

## PAY CHICAGO EMPLOYEES OF UTILITIES COMMISSION

Chicago, Aug. 13.—Local employees of the state utilities commission and grain department, whose salaries have been tied up pending disposition of the Fergus-Munro appropriation suit at Springfield, were paid today upon negotiation of a personal loan of \$14,000 by William L. O'Connell, president of the commission. Mr. O'Connell admitted that his own account for the salaries of his own account for the salaries of utility board employees in other parts of the state.

A little bit of laughter,

Will brighten up a sad life,  
Will help the world along.

A little bit of sunshine,  
A little bit of cheer  
Will brighten up the downcast,  
Will minimize their fear.

A little bit of color,  
A little bit of paint,  
Will brighten up and beautify  
Something what ain't.

A bit of practical philanthropy is planned for Chicago by the establishment of a municipal woodyard which will be opened September 1st. There men who cannot find other work and who are really looking for something to do will be given a chance to earn a dollar a day sawing wood. Incidentally to giving work to some of the worthy unemployed it is believed that the enterprise will prove a desirable feature in keeping away some of the undesirable who do not want to work but flock to the city for the winter months and become dependent on charity. If they will not work in the woodyard they will be told to "move on."

The disposition there is at Washington to keep army officers in the work at present is apparent in the recent announcement that the resignation of Major General Hawkins an ordnance officer would not be accepted before November 1st or until an officer could be trained to take his place. Attractive offers made by munitions manufacturers to army officers has been thinning out the ranks and the government has recognized the necessity of taking steps to stop the resignation until men equally well trained in the service can be advanced.

The trouble in Mexico the possibility of differences with European countries make real service for American soldiers more likely than for many years and it does not seem that officers who are actuated by genuine patriotism will wish to retire at such a time. Possibly though officers who want to leave the service and are retained against their wishes will make poor leaders if trouble should come.

### Protecting the Farm Name.

Protection of the farm name is the object of a new Illinois law and the man who styles his property "The Maples", "Hazel Dell" or "Walnut Grove Farm" has legal right to the appellation selected. Copies of the new law have been sent to each county recorder by the secretary of state. One dollar is the price of registration and should the owner wish to cancel the registered name, a fee of twenty-five cents must be paid the recorder.

A farm name thus registered will be employed in legal description of land and may be used in addressing mail. With needless duplication done away with, the name as years go by will be a source of value. It will stand as a guarantee for the farmers' product and may become as useful to him as the trademark of the merchant. A sentimental value attaches to the name also. The farm, on account of location, specific crop or natural feature, may be as truly individual as is the owner.

### ON LONG RIDE.

John Robertson, a moving picture operator of Peoria, came into the city Friday on his Dayton motorcycle and after passing a few hours with friends left for Topeka, Kan., where he will visit with friends and then go to Burlingame, Kan., for a brief stay at the home of his parents, Dr. and Mrs. Andrew Robertson. He will return home by way of Chicago. He is off on a vacation trip and his itinerary will cover 1700 miles. He stated that he had traveled over 3000 miles since he had owned the motor and had had no accidents, or calls for repairs, and had not one punctured tire, which he considered pretty good.

### Must Have Beef.

The world cannot get along without beef. The laborer must have it and the rich man will have it. Experience demonstrates that the consumer never quits beef for any considerable period and this fidelity of demand explains why declines and advances in the cattle market are usually made by easy stages, says The Livestock Report. Beef, is appears enjoys a greater prestige among the civilized peoples of the world than any other kind of meat, and no exception is made to seafoods, poultry or wild game. Oysters, quail and other delicacies provide variety for the human palate and hold a temporary charm for

those who may "eat, drink and be merry", but it takes a man with much fortitude, an excellent digestion, and a heavy wager at stake to subsist on nothing but quail for one month. Granting that such a man won his bet, which is highly improbable, we'll lay a buffalo nickel to a Lincoln penny that his first meat order the next day would be for a big, juicy beefsteak.

### Dividing the Militia Fund.

Illinois militia this year has an increase of \$9,000 from the federal fund for the aid of organized state soldiery. The distribution made by Secretary Garrison is on the basis of efficiency. The fact that many states had decreases while Illinois had an increase indicates that the state national guard made a fine showing on inspection. The Jacksonville company had a part in establishing this good record. Half of the \$4,000,000 fund is for actual field service and rifle practice and is divided among the states according to congressional representation. Of the \$2,000,000 for supplies and ammunition, \$400,000 is reserved for special allotment in emergency cases and the remainder goes to the states on the basis of efficiency plans adopted by the War Department.

Instead of making the distribution for supplies and ammunition according to paper strength of the various state organizations, as was done last year, Secretary Garrison took into consideration actual strength at the annual inspection and the number of auxiliary branches, such as field hospitals, ambulance companies, field artillery, cavalry, signal corps and engineer corps.

The result of the new plan is that New York receives for supplies and ammunition \$47,000 more than last year. Illinois and Massachusetts each will receive \$9000 more, Michigan and New Jersey each \$8000, Connecticut \$6000, Georgia, Pennsylvania and Rhode Island each \$5000, Utah \$4000 and New Hampshire, North Carolina, Ohio and Oregon each \$2000.

Texas will be the largest loser, drawing \$14,000 less than last year. Alabama will receive \$8000 less, Arkansas, Maine, Virginia, West Virginia and Wyoming each \$6000, Kentucky, Louisiana, Missouri and Tennessee each \$5000. Still other states have decreases of from \$1,000 to \$4000.

### Four Cops of Cattle.

Belle Fourche, S. D., was at one time credited with being the largest shipping point for cattle in the world. During the fall of each year cattle were gathered by thousands and shipped to market in solid trainloads. Those were the halcyon days of which veteran stockmen tell, and the stage is usually set for reminiscences of the range in the lobby of any live stock shipper's hostelry. Sometimes their tales are untold to the grinding accompaniment of caboose wheels, but in any case that man is indeed privileged who has listened to a group of these old-timers spin a few yarns of bonanza period of western cattle history. A reminder of these early days came to a Chicago commission firm in this week's mail. It was only an information postcard, one of the many thousands sent to the range country each year, but the story it told was as eloquent as it was brief. "Four cars of cattle and one car of hogs, fall of 1915" was the information which it bore. The postal was filled out and mailed from Belle Fourche by a cattle company which handled several trainloads of cattle every season a few years ago, before that territory was opened for settlement. Drouth also cut down production until "jackpot" shipments, in contrast to trainloads, were contributed by Belle Fourche—once the "largest shipping point for cattle in the world". Ink, tintured with regret, could never be put to a more appropriate use than in filling out the Belle Fourche postal: "Four cars of cattle and one car of hogs, fall of 1915."

### WOMEN IN THE NEWS.

Berkeley, Calif.—One of the largest gatherings of college women ever held in the West is the Pan-Hellenic Congress, now in session here. Representatives of all the Greek letter fraternities are taking part, and Western women are joining hands with women of the East in building up the national gathering of college women.

London—The latest heroine of Russia is the Princess Marie Slobodkina. The story of her romantic meeting with Michael Angeloff, a Russian student who had just been commissioned in the army, their elopement, their honeymoon in Russian trenches, the bride serving in soldier's regiment as her officer's valet, and finally the denouement, when both were wounded and taken to a hospital in Warsaw, has reached London. This daughter of a Russian nobleman, while travelling alone in February, met the dashing young officer on a train. Their love ripened fast and when they left the train they were married. Instead of a tearful farewell the Princess planned a coup. She appeared before her husband in a soldier's uniform, her beautiful hair clipped short. For a week she endured the hardship of the trenches. Then came a terrific shell-fire, and both the officer and his orderly were wounded. The Grand Duke Nicholas, goes the story, decorated "Private Laurenty," as she was known in the trenches, with the highest award for valor, the Cross of St. George.

Poughkeepsie, N. Y.—Far away in South America, on a small and unfrequented island in Lake Titicaca, the alumnae of Vassar College will erect a monument to Professor James

Orton, the noted explorer, who died there. Recently it was reported that only a crumbling stone marks the grave, and the memories of the Vassar graduates of forty years ago were awakened to the long neglect of the humble grave in the distant land. But Vassar women were equal to the occasion, and they are subscribing for a marble shaft to mark the grave of the explorer. Orton was a professor at Vassar, when he entered the wilderness for a third exploration in South America. He died in 1877 in the wilderness, from exposure caused by the loss of much of his equipment.

Pittsburga.—The members of the faculty of the Margaret Morrison Carnegie School are spending their vacations along useful lines. Miss Elizabeth Stoner is teaching aesthetic dancing at Santa Barbara, Calif. Miss Marie Bolleville is doing research work at the Marine Biological Laboratory at Woods Hole, Mass. Miss Bessie Merrill is teaching lace work and weaving at the summer school at Chautauqua.

London—The most notable psychological cleverness of its kind in the criminal history of England has been revealed by the deportation of Mme. Bertha Trost. For years she held secret many delicate matters, learned the intrigues of nations and furnished this all-important information to Germany. She escaped observation and the suspicion of Scotland Yard experts simply by reversing ancient theories and concealed her operations by making herself conspicuous. Her deportation came as a shock in English social circles, for the madame, who had been known as a beauty specialist, the lady of Marlborough Gate House, where she was often the hostess at parties attended by men high in government circles, courted notoriety. To get members of the foreign office, the war office or the naval department to her parties, invitations to which were much sought, to ply them with wine and the flatteries of her young women, was her favorite trick. Under press of drink and intimacy, according to the government, these men were stripped of secrets which she transmitted to Germany. On payment for such information she managed to sustain herself in splendor. She reached high in her luring and probing, and she went too far. It was a woman who brought the first suspicion against her. Her attentions to wounded officers and her insistent interest in matters at the front which no ordinary woman might be expected to know of, brought the raid and deportation.

New York—Whether Mrs. Charles Becker, widow of the police lieutenant recently electrocuted, will be called to account at the coming meeting of the Board of Education for her action in stigmatizing Governor Whitman as the murderer of her husband, is just now of deep interest to women teachers. Mrs. Becker as a teacher in the public schools, can be held accountable, and it is deemed probable that the matter will be discussed when the Board meets on Saturday.

## FUNERALS

### Nunes.

The funeral services of Josephine Nunes were held from the family residence, 760 West Railroad street Friday morning at 8:30 o'clock. Interment was in Jacksonville cemetery.

### Swaby.

Funeral services for the late Aaron Swaby were held from the Salvation Army barracks Friday afternoon at 2:30 o'clock. Mr. Swaby had expressed the wish that a "soldier's funeral" be given, which was obliged and the simple yet impressive services of the army were carried out.

The services were largely attended the barracks being completely filled and many stood outside. Those in attendance represented all walks in life from the professional and business men to the laborers. The singing was by the congregation. The services were in charge of Capt. J. A. Mace and consisted of song, prayers and testimonials. Brief personal tributes were paid to the memory of the deceased from his fellow workers many of whom had been associated with him for many years.

For many years Aaron Swaby had been identified with the Salvation army work and he was a man who lived so faithfully that he came to have the high regard of a very large number of people. The funeral services were so largely attended and the feeling of genuine grief so apparent that certainly there was proof that the deceased had not lived in vain. There were many beautiful floral offerings and these were in charge of Misses Anna Maude Clayton and Thomas Jenkins. Interment was in Jacksonville cemetery and the bearers were: Thomas Fletcher, Riley Fuller, Samuel Carmichael, Jesse Russell, Joseph Hemmrough and Charles Collops.

### JACKSONVILLE ROMANCE TO BE REPEATED.

Because so many hundreds of people were unable to gain admission to Scott's theater Friday for the Jacksonville pictures Manager Scott has arranged for the film to be shown again next Tuesday. The record for attendance at the theatre was broken yesterday but still there were many unable to gain admission. The picture created a vast amount of interest and the audiences were greatly pleased with it.

## NO DECISION MADE IN AUTO HIGHWAY

ENTHUSIASTIC MEETING HELD AT GREENFIELD YESTERDAY.

Committee Appointed to Go over Routes One and Three, Next Saturday to Determine the Favorite—Five Hundred People Attend Convention.

One of the most enthusiastic Good Road conventions ever held in Illinois was that at Greenfield Friday, when one hundred and seven automobiles filled the principal streets of the town and five hundred people made bread, eggs and meat, scarce articles. The object of the meeting was to determine the route of the Springfield division of the Burlington, and the matter was left unsettled. A committee of seven was appointed who will go over the two routes next Saturday, Aug. 21.

### Proposed Routes.

Route number one from Greenfield would go through Palmyra, Modesto, Waverly, New Berlin and to Springfield. Route number three would pass through Athensville, Scottville, Franklin, Alexander, New Berlin and Springfield.

### Meeting in Opera House.

The sessions were held in the Opera house and addresses were heard from prominent citizens of both proposed highways. The Waverly delegate was there strong, headed by the Waverly band. The Franklin and Alexander delegates to the number of one hundred and fifty arrived on scheduled time with the Scottville band. A parade was formed by each company and the streets were lined with people who came from all directions to see the big auto show.

### Many Speeches Made.

The speakers for route number one advanced the idea that their road was closer to the railroads and interurbans and that if anything should happen to tourists they could easily take the steam railways. They said that there were some hills between Palmyra and Modesto but they promised to have them worked down and in fact that the entire thoroughfare would be put in the best of shape. They did not talk of oiling the roads.

### Would Oil Number Three.

Representatives of route three, on the other hand, had contracts signed by the commissions of road districts 8, 9 and 12 who said that they would oil the entire route through Morgan county and also had money in sight to improve the highways. The Scottville delegation said that the roads in their territory would be put in the best of condition. In short number three said that they would oil their entire route.

### Committee Appointed to Decide Route.

After threshing out the matter it was voted that a commission of seven should be appointed to go over the proposed routes and then make a decision. Among those appointed were Leroy Craig of Jacksonville; Herman Engelbach, Arenzville; John Weiss, White Hall; A. L. Carter, Medora and Mr. Smith of Kemper. Mr. Metcalf was elected president of the Springfield way and Mr. Wilkie, supervisor.

On next Saturday the committee named will meet at Greenfield at 8 o'clock. They will go on route No. 1 to New Berlin, and over route number 3 in the afternoon.

### Another Meeting.

On August 30 at the Scott hotel in White Hall there will be a meeting of the presidents, secretaries and local supervisors of the Burlington way, when the matter of oiling the Burlington way and other items of interest will be discussed.

Jacksonville Representatives. Those who went from Jacksonville yesterday were Mr. Craig and Carl H. Weber and Herman Engelbach. They arrived in Greenfield at 2:40. On account of the trouble they did not arrive in Jacksonville last night until after midnight.

Oiling in Cass County. Today L. R. Craig will go to Ashland to start the new oiler which has recently been purchased by the county board of Cass county. They will oil a strip of twelve miles from Ashland to Beardstown on the old state road. Modern methods of oiling will be used and Cass county is planning to do considerable oiling before the winter months.

### BUSINESS CONDITIONS ARE NEARLY NORMAL.

New Orleans, Aug. 13.—Business conditions in Mexico City are more nearly normal than at any time in several years, according to Carranza consular dispatches received here today from Mexico City via Vera Cruz. General Pablo Gonzalez, acting upon orders of Carranza, the dispatches said, today loaned bankers and merchantile houses \$2,500,000 gold to relieve the financial situation and all banks and most of the business houses were open. Carranza has ordered that all men and dependent women out of employment shall be given work.

### NOTE REACHES GERMANY.

Berlin, Aug. 13.—Via London, Aug. 14.—The American note to Germany concerning the sinking of the American ship William P. Frye by a German commerce destroyer, has been received by the American ambassador and will be presented to the German foreign office this evening.

### PROF. MEF DIES.

Monterey, Cal., Aug. 13.—John Urie Mef, professor of chemistry at the University of Chicago, died suddenly late today at Carmel-by-the-Sea. Prof. Mef came here about a month ago for his health. He was born in Switzerland 53 years ago.

## EXANS HOLD CARRANZA A SUPPORTERS RESPONSIBLE

(Continued from page one)

ceived tonight by Juan C. Burns, Carranza's counsel at Galveston, from Mario Mendez, Carranza's director-general of telegraph lines.

### The message said:

"On account of the alarming news of prospective intervention which has been spread by the American press, many large bodies of revolutionary troops have surrendered themselves unconditionally to first chief Carranza.

"Among these are General Nater with 5,000 men in Zacatecas; 1,000 men in Acamero; the entire revolutionary force in Michoacan, with machine guns and five trains; a large body of Zapatistas who had fled from Texcoco, and General Pedro Arrelano with 500 men in Nuevo Leon."

Mendez asserted that each of these forces declared on surrender that a unification of the Constitutionalist party was necessary and that the Constitutionalist party has proved itself established. The generals mentioned, he said, have declared unconditional adhesion to Carranza.

## EBERSOLE IS FORMALLY CHARGED WITH MURDER OF HAZEL MACKLIN

SOUTH BEND, Ind., Aug. 13.—Silas N. Ebersole, of Bristol, Ind., late today was formally charged with the murder of Hazel Macklin, the 15-year-old girl whose body was found in a vault at Spring Brook Park near here on Oct. 25, 1914.

Ebersole was arrested yesterday after the police said a telephone valise carried by the girl the day she was murdered was found in a house which was occupied by Ebersole at the time of the murder.

## HOLD MT. AUBURN MARSHAL ON CHARGE OF MANSLAUGHTER

SPRINGFIELD, Ill., Aug. 13.—Eugene Igoe, town marshal of Mt. Auburn, Christian county, was today held to the Sangamon county grand jury on a charge of manslaughter, in connection with the death of Guy Milehan, a young farmer, who was hit by Igoe July 4. Milehan died Tuesday at a hospital in this city. He was shot by Igoe after the two men had engaged in altercation when Igoe told him to desist in celebrating the fourth in a too noisy manner.

### Try CLAUS for SPICES.

## PILE OF PAPERS AWAIT WILSON'S SIGNATURE.

Washington, Aug. 13.—President Wilson faced a pile of papers more than a foot high awaiting his signature when he went to the executive office today for the first time since his return from Cornish. It was oppressively hot and the president worked in his shirt sleeves.

The president wrote Mayor Thompson, of Chicago, today that it would be impossible for him to attend the Negro Freedom Jubilee association to be held there this month. He had previously said he would attend if public business permitted.

### LAUNCH MOVEMENT TO

## UNITE JEWISH RACE.

Chicago, Aug. 13.—At a meeting here tonight attended by several prominent citizens and presided over by Pinchus Rutenberg of Russia, noted Jewish Socialist, a movement having as its aim the unification of the Jewish race was launched. A mass meeting of Jews of all classes is scheduled for tomorrow night when plans will be promulgated to spread the campaign for a perpetual government. It was announced following the session tonight that in October a Jewish congress will meet in Washington to frame a proposal to the American government.

### ORDERS TROOPS TO OSCEOLA

Little Rock, Ark., Aug. 13.—Governor Hays tonight said he had ordered the Blytheville company of the Arkansas National Guard to report to Sheriff Collins at Osceola where it had been reported that an armed mob from Tennessee had crossed the Mississippi river with the intention of liberating 26 men in the Osceola jail, held as a result of the killing of Sheriff Mauldin, of Mississippi county on Island 37.

### GEORGE ARMSTRONG DIES.

Chicago, Aug. 13.—George B. Armstrong, 66 years old once vice-president of the Chicago board of education and a former newspaper man, died here today. Mr. Armstrong was for some time city editor of the Inter Ocean and later was a special writer on the Chicago Evening Post. He was a son of George B. Armstrong who was known as the founder of the railway mail service.

### VOLCANOES NOT IN ERUPTION.

Rome, via Paris, Aug. 13.—Except for a period of activity by Mt. Etna of a nature interesting exclusively to volcanic experts, none of the great volcanoes in southern Italy is unusually active. Neither Vesuvius, Etna nor Stromboli now is in eruption, despite reports today to the contrary.

### NAME CHICAGO FOR MEET.

Detroit, Mich., Aug. 13.—Chicago was chosen for the 1916 meeting of the National Rural Letter Carriers' association, at its annual convention which closed here tonight.

### WELL KNOWN GOLFERS KILLED.

Orange, N. J., Aug. 13.—Thomas Anderson, a widely known golfer, was killed near Mont Clair tonight when his automobile went over an embankment.

### GALE CAUSES MUCH DAMAGE.

Kinston, Jamaica, Aug. 13.—A fifty mile gale over the northeast and south coasts of Jamaica caused considerable damage today.

## DR. CARSON

Chicago Specialist

In the treatment of Chronic Disease, will be at the Dunlap Hotel, Jacksonville, Illinois, Wednesday, August 18, 1915, one day only. (Returns every 28 days). Hours, 8 a. m. to 4 p. m.

Fourteenth Successful Year in Jacksonville. Consultation and Examination Free

I treat successfully the cases I undertake and accept no fee from those who are incurable. That is why I continue my visits year after year, while other specialists make only a few visits and cease to return.

### IS THIS THE WAY YOU FEEL?

Tired in the morning and easily excited? Are you dizzy or nervous? Pain in the head? Tongue coated? Have you Catarrh—nose stopped up? Gas on the stomach? Hands and feet cold? Pain of hands and feet? Have you a dull, dragging pain in the back of the body, back or limbs? Have you Rheumatism? Have you Piles? Piles—itching or bleeding? Have you kidney or bladder trouble, lame or weak back, pains in back or joints? Have you any blood disease—scrofula, skin eruptions, pimples, bone pains, pale complexion and losing weight?

I invite you to call and investigate the Carson System of the treatment of Chronic Diseases, which I have practiced after fifteen years of experience and study, and you will be convinced that my modern, up to date methods of curing disease are what you need.

Never before has there been a treatment giving such universal satisfaction. Every sufferer is cordially invited to call and secure full details concerning this new treatment free of charge.

### REMEMBER DATE OF VISIT.

Come early as parlors are always crowded.

A friendly call may save you future suffering; it has made life anew to thousands who had been pronounced beyond hope.

C. W. CARSON, M. D., Chicago, Ill.  
766 Oakwood Blvd.,

Experience makes perfect. Having treated hundreds of old chronic stomach troubles for the last fifteen years, I can relieve a great majority of these cases and restore them to health and strength again, especially in those cases who suffer from the effects of pain in the stomach and bowels, bloating, gas, spitting up of food, sour stomach, headache, dizziness, loss of appetite, drowsiness, and heavy, bad feeling in the head.

PILES—Every case guaranteed cured without detention from business or use of knife.

### Private Diseases a Specialty!

NERVOUS DEBILITY—Are you nervous, despondent, weak, tired mornings, no ambition, poor memory, easily fatigued, excitable and irritable, eyes sunken, red and blurred, pimples on the face, dreams restless, haggard looking, weak back, deposit in urine, drains at stool, distrustful, want of confidence, lack of energy and strength.

"The Only Way"

D. C. LIETZ,  
Ticket AgentFUNERAL SERVICES WERE HELD  
FOR LATE CAPT. MYRON H. LAMB

Large Number Gathered at Chapin  
Christian Church to Honor Mem-  
ory of Civil War Veteran.

Funeral services for the late war  
veteran and well known pension  
agent Capt. Myron H. Lamb were held  
Friday afternoon at 2:30 o'clock in  
the Christian church in Chapin where  
Capt. Lamb has resided for many  
years.

Owing to the absence of the pas-  
tor of the church, Rev. L. Hada-  
way, the services were conducted by  
a former pastor of the church and  
friend of the family, Rev. Charles D.  
Hougham of Normal. The auditor-  
ium of the church was filled to over-  
flowing and the Sunday school room  
adjoining was also occupied. There  
was a profusion of beautiful floral  
offerings on the casket which was  
draped with the flag of his country  
for which Captain Lamb had fought  
almost throughout the four years of  
the civil war. There were many  
bouquets and sprays of carnations,  
roses, chrysanthemums and astors  
banded upon the tables on the pulpit  
platform, the offering of affection  
and respect from the many friends  
of the deceased and of his wife.

The singing was by a quartette con-  
sisting of Mr. and Mrs. Monte Funk,  
Miss Edna Hutches and Harry On-  
ken. Miss Ruth Hutches was the  
piano accompanist.

The flowers were cared for by  
Mrs. Frank P. McKinney and Mrs.  
Ben Taylor.

The services were opened with the  
singing by the quartette of that well  
known hymn, "Jesus Lover of My  
Soul," after which Rev. Mr. Hough-  
ham read selections from the 90th  
Psalm and other portions of the  
scriptures. The pastor called on Rev.  
Ivan W. Agee of Litchfield, who had  
been a close friend of the deceased  
for more than a quarter of a cen-  
tury and he responded with a fervent  
prayer. Miss Edith Hutches  
sang in an impressive manner "No  
Night There," with Miss Ruth Hut-  
ches as accompanist.

Sermon by Mr. Hougham.

Rev. Mr. Hougham chose as the  
foundation of his remarks the words  
recorded in Hebrews XIII:14, "For  
here we have no continuing city, but  
we seek one to come." The preacher  
in his remarks spoke of the great  
powerful cities of earth, and of their  
apparent stability and with their art  
and wealth and of the thought that  
they were erected to endure, but  
there will come a time when they  
will all vanish from the earth and  
the places that knew them, will know  
them no more. But we seek one to  
come. After a very interesting ad-  
dress, an obituary notice which had  
been prepared by an intimate friend  
of Capt. Lamb for the Journal was  
read, after which the singing of  
"Tenting Tonight on the Old Camp-  
ground" by the quartette brought the  
services at the church to an end. An  
opportunity was given to take a last  
look on the face of the deceased and  
the drive was taken to the Jordan  
cemetery, 3 miles east of Chapin,  
where under the shading branches  
of a large cedar tree the mortal re-  
mains were laid away in a grave  
hidden from sight by blankets of  
flowers among which was a small  
flag of the country he loved so well.

The bearers were F. P. McKinney,  
Thomas Stone, Greely Brownlow,  
Wesley Anderson, Frank Burnham  
and George Coulson.

The honorary escort consisting of  
members of G. A. R. posts were Robert  
Wallace, John Halton, W. I.  
Williams, Thomas P. Hall, C. C.  
Bridgman, Thomas Blair, Thomas  
Elliott, George B. Litter, Aaron W.  
Petefish, M. S. Culler, J. R. Kirk-  
man, C. Riggs Taylor, Hassel Hop-  
per and George W. Wright.

Those present from Jacksonville  
in addition to those above mention-  
ed were Mrs. Emma Becraft, Mrs. Ida  
Smith, J. L. Tyman, J. Lewis Simms  
and Capt. F. C. Taylor.

## HAS RETURNED FROM VACATION

Chief of Police George P. Davis  
has returned from his vacation. Mr.  
Davis took what is known as the  
circle lake tour and visited all of  
the principal cities along the great  
lakes. He had an enjoyable outing.

## SPECIAL TAX NOTICE.

Notice is hereby given, to all  
persons interested, that the City  
Council of the City of Jacksonville,  
Illinois, having ordered that the  
roadway of South Main Street in said  
City, from the center line of Morton  
avenue where the same intersects  
said South Main street, thence south  
to the center line of Michigan ave-  
nue in said City be paved with  
crushed stone and a coal tar com-  
pound binder, the same width as the  
present pavement, except the right of  
way of the Jacksonville Railway Co.,  
which shall be paved with brick upon a  
crushed stone and concrete founda-  
tion; the ordinance for the same  
being on file in the office of the  
City Clerk of said City, and said  
City having applied to the County  
Court of Morgan County, Illinois, for  
the confirmation of the assessment of  
the cost of said improvement ac-  
cording to the benefits, and an as-  
sessment therefor having been made  
and returned to said Court; the fi-  
nal hearing thereon will be had on  
the 25th day of August, A. D. 1915,  
at 10 o'clock a. m., or as soon there-  
after as the business of the Court  
will permit.

All persons desiring may file ob-  
jections in said Court before said  
date and may appear on the hearing  
and make their defense.

It is further provided by the Or-  
dinance that said assessment shall  
be collected in ten (10) annual in-  
stallments, with interest at the rate  
of five per cent. per annum, as pro-  
vided by law.

Dated at Jacksonville, Illinois, this  
10th day of August, A. D. 1915.

Commissioner appointed to make As-  
sessments.

FINAL ARRANGEMENTS FOR  
FRANKLIN HOME-COMING EVENT

Program of Entertainment Full For  
Each Day—Hon. Geo. H. Wilson  
and Hon. W. E. Williams to  
Speak.

Everything is ready for Frank-  
lin's second big Home-Coming  
which opens next Wednesday morn-  
ing, says the Franklin Times. Geo.  
Jolly and Geo. Haynes took in the  
Medora barbecue last week and got  
onto the proper style of barbecuing  
and a palatable dinner will be set  
before our visitors on Wednesday  
and Thursday, it having been de-  
cided to stage the barbecue dinner  
two days instead of one. Friday  
will be "fish fry day" and burgoo  
soup will be served every day so  
there is going to be plenty to eat as  
well as plenty of entertainment.

The entertainment committee,  
which has been so well prepared for  
the program is having a hard time  
to squeeze everything in on the  
program in three days. With the  
Waverly band, the daily free acts,  
the daily auto parade, the baby  
show, the speakers, and other at-  
tractions arranged for, there will in  
deed be something doing every min-  
ute.

The entertainment committee,  
carrying out the policy of adding  
meritorious numbers to the pro-  
gram, has secured a daily flag ex-  
ercise by forty school children.  
The little ones will be drilled for  
the exercise by Misses Besse Hart,  
Lou Duncan, Grace Hill and Mrs.  
John Bland.

Miss Ima Berryman, of Jack-  
sonville, whose ability as a vocalist is  
known to most of our readers, has  
kindly consented to sing on Wed-  
nesday. Miss Frances Olinger, of  
Springfield, Ohio, a guest of rela-  
tives here and who possesses a cul-  
tured voice, will sing on Thursday,  
and on Friday a children's quar-  
tette composed of Kathleen Calhoun  
and Pauline Olinger, vocalists, and  
Boulware Calhoun and Wilburn  
Seymour, violinists, will help to en-  
tertain the crowd.

A big feature of the first day's  
program will be a ball game be-  
tween the Blues and the Ashland  
Merchants. The rivalry between the  
two teams has been intense for three  
years, and while Ashland has al-  
ways won when they met, the games  
have all been played on the Ashland  
field and the score has been close.  
The Blues will present a strong line-  
up and give the Merchants a hot re-  
ception on their initial appearance  
on the Franklin diamond. The  
Jacksonville Eagles will oppose the  
Blues on Thursday and Friday.

Hon. George H. Wilson, of Quincy,  
leader of the "drys" in the last  
state assembly, and republican can-  
didate for attorney general will  
deliver an address on Thursday  
afternoon.

Hon. W. E. Williams, of Pitts-  
field, congressman at large and  
democratic candidate for governor,  
will be the speaker on the closing  
day.

OLDEST IRONCLAD, 71 TODAY,  
STILL IN SERVICE

Erie, Pa., Aug. 13.—The Wolver-  
ine, formerly the Michigan, the oldest  
ironclad in the world, is com-  
pleting her seventy first year's ser-  
vice for Uncle Sam on Lake Erie.  
The old vessel was commissioned  
August 14, 1844, and since then has  
been in active service, either as a  
warship or survey ship, or as a  
training ship for the naval reserve  
of the Lake states.

The vessel was built in Pitts-  
burg and shipped to Erie on wag-  
ons. Many Indian chiefs have  
entertained aboard her and made  
to see the error of their ways. Dur-  
ing the Civil war the vessel guard-  
ed some two thousand prisoners on  
Johnson's Island, in Lake Erie. A  
plot was discovered at that time to  
capture the vessel and bombard the  
Lake Erie ports. It was the Michi-  
gan, as she was then known, that  
stopped the Fenian invasion of Can-  
ada in 1866, by overhauling the  
transports carrying reinforcements  
outside of Buffalo.

Of a type of warship that has  
long passed to the junk heap, the  
Wolverine is the best that could  
be built. It is 167 feet long, and is  
pierced for twelve guns. She car-  
ries a battery of eight breech-load-  
ing two-inch rifles. During active  
service it carried a crew of 98 men,  
including eleven officers.

The old vessel is still in fair  
shape, although nearing the three-  
quarters of century mark, and if  
necessary, perhaps, could easily  
sink anything afloat on the lake.  
Frequent overhauls have kept her  
repair.

## FORMER RESIDENT HERE.

Frank J. Farney, who is traveling  
for M. Rice & Co. of Philadelphia,  
Pa., dealers in wholesale floral sup-  
plies, was calling on J. Heintz & Sons  
Friday. Mr. Farney is the son of Mr.  
and Mrs. M. Farney, formerly of this  
city and was born here. The family  
have been residing in Colorado  
Springs, Colo., for a number of  
years. Mr. Farney had a pleasant sur-  
prise while here. Someone happened  
to mention that they had seen his  
mother recently. Mr. Farney in-  
vestigated and telephoned to the home  
of Mrs. Alice Cox, of South Clay ave-  
nue and found that his mother was  
visiting there. Mrs. Cox is Mrs. Far-  
ney's sister. It is needless to say  
that mother and son had not seen  
each other for three years.

LONG STRETCH OF OILED  
ROADS IS PROPOSED.

Sangamon County Farmers Want  
\$8,000 For Oiling Instead of Hard  
Roads.

According to a statement in the  
Springfield Register yesterday a  
number of landowners living on the  
state road in Sangamon county met  
with Edward White, superintendent  
of Sangamon highways, and Jacob  
Frisch, chairman of the board of su-  
pervisors, to talk over the possibility  
of spending the state aid money ap-  
propriated to that county for oil-  
ing. The land owners have investi-  
gated the subject and believe that  
they will be much more benefited if  
this \$8,000 is expended for dragging,  
grading and oiling than for a perma-  
nent hard road. At least twelve miles  
of road way could be put into splen-  
did condition and oiled thoroughly  
for the sum mentioned, and the  
chances are that the matter will be  
arranged. Already the road has been  
oiled for a distance of two miles out  
of Jacksonville, and if twelve miles  
is oiled at the other end, it becomes  
easily thinkable that the remaining  
distance between Jacksonville and  
Springfield can be oiled before win-  
ter weather comes. If this is done,  
the long roadway with its varying  
soil and drainage conditions, will  
prove a fine example of what oiling  
will do for ordinary earth roads.

## ZION NEIGHBORHOOD.

Mr. and Mrs. Thomas Langdon,  
Mr. and Mrs. James Gibson attended  
the chicken fry at Franklin Wednes-  
day.

Miss Marie Langdon entertained  
the Nimble Finger society Tuesday  
afternoon. The election of new offi-  
cers was the feature of the meeting.  
During the afternoon delicious re-  
freshments were served consisting of  
ice cream, cake and lemonade of  
which all enjoyed.

Those present were Misses Helen  
Rousey, Bessie Rea, Mary Blake-  
man, Dortha Mills, Hilda Osborn,  
Mary Blakeman, Gertrude Edwards,  
Stella Covington and Ivalon Gibson.  
Misses Helen Rousey and Hilda  
Osborn are visiting friends in Man-  
chester.

Mr. and Mrs. Charles Entriakin are  
the proud parents of a new babe,  
born Wednesday night.

Ivalon Gibson spent Wednesday  
night with her friend, Stella Coving-  
ton.

sonville, came Thursday for a visit  
with her aunt, Mrs. James Barnhart  
of near Ceres.

Mrs. George Story is visiting  
friends and relatives in Jacksonville  
and Chapin this week.

Mrs. Martha Bracewell spent Wed-  
nesday afternoon with Mrs. J. V.  
Corrington and daughter, Stella.

Miss Hazel Wood is visiting her  
mother, Mrs. Tilda Roberts, near  
Franklin this week.

Many from around here attended  
the Baptist picnic at Murrayville  
Thursday.

## PISGAH.

Miss Euphemia Jasper of Man-  
chester spent last week with her  
cousin, Miss Bernice Wood, near  
here.

Born, last week, to Mr. and Mrs.  
Roy Kelly, a son.

Mrs. William Wood of near Al-  
exander entertained the Missionary  
society of Union Baptist church  
last Wednesday. Quite a number  
were in attendance and all report  
an enjoyable day.

Mrs. Benton Buchanan was a  
visitor in Jacksonville last Wed-  
nesday.

Miss Pearl Phillips of Murray-  
ville spent last Thursday with Miss-  
es Lois and Lorraine Wood.

Mrs. Robert Bolton of Virden

Executrix.

## CASE WAS DISMISSED.

Wednesday Mrs. William R. Moody  
swore out a warrant for her  
husband to have him tried as to his  
sanity. The case was set for hear-  
ing before Judge William E. Thom-  
son Friday morning. A jury was  
selected but before the case came to  
trial an order of dismissal was en-  
tered. Mr. Moody was represented  
by Kirby, Wilson and Brockhouse  
and George L. Merrill, while Mrs.  
Moody had for attorneys William  
N. Halgrove and John M. Butler.  
State's Attorney Titton also ap-  
peared in the case, the law requiring  
that he should do so.

A great many witnesses were re-  
ady to testify to Mr. Moody's sound-  
ness of mind and the case attracted  
a great deal of attention because of  
the prominence of the family. Mr.  
Moody has been in ill health for  
more than a year, but in recent  
months has steadily gained strength  
and is now apparently in normal  
health.

EUROPEAN SPIES FORM  
NETWORK IN AMERICA

Foreign Agents are Covering Every  
Section of the United States.

Washington, Aug. 13.—A contest  
of spies is being waged in America  
as bitterly as the war is being waged  
in Europe. It is known to govern-  
ment officials that "foreign agents"  
are covering each section of  
the United States, particularly those  
sections in which war munitions are  
being made. One set of spies is  
keeping the German government ac-  
quainted with the progress of the  
ammunition and guns for the Allies,  
and another set, reporting regularly  
to the British ambassador is watch-  
ing the operations of the German  
agents. While there is an attempt  
to conduct this work of espionage  
within the limits of plain observation  
there is a great deal of information  
concerning vital matters of Ameri-  
can resources for war that is being  
picked up for use in event of trouble  
with America.

While it is not believed that this  
spy system has embraced the govern-  
ment departments, precaution is be-  
ing taken in the way of inspecting  
visitors. Heretofore the public has  
had the freedom of the big govern-  
ment buildings, but a series of re-  
strictions is now in effect.

To cope with the spy system or-  
ganized in the United States, which  
are similar to those in operation  
over Europe prior to the war, the  
United States is depending upon a  
small and poorly equipped secret  
service. The force is barely a hun-  
dred men, and they are loaded with  
duties which keep them busy on rou-  
tine work.

Knowledge that the spies are at  
work has led munitions plant and  
ship yards to bar suspicious persons.  
It is entirely probable that informa-  
tion of what is going on in the big  
plants is gained from workers, for  
such information is valuable and  
money flows freely when information  
is wanted.

It is doubtful if ever before spies  
held such an important position in  
national affairs. Today they are the  
men who determine actions of gov-  
ernments. Knowledge of accurate  
conditions in Russia England and  
France gave Germany her assurance  
when she entered "the European  
struggle." France found out too late  
that her secrets were for the most  
part known to her enemies. Russia  
realized long after the Germans had  
found it out that she was not equip-  
ped with modern guns and munitions  
for a long war. England has only  
now awakened to the realization  
that she was tabbed to a minute de-  
gree so far as her war resources  
were concerned.

SUFFRAGISTS OBSERVE  
LUCY STONE CENTENARY

Orange, N. J., Aug. 13.—A pil-  
grimage of leading suffragists of the  
East to the birthplace of Lucy Stone,  
pioneer advocate of woman suffrage,  
was the principal event in today's  
observance of the 100th anniversary  
of the birthday of Lucy Stone. The  
old house is still standing in Burl-  
ton Street, and it is there that the  
suffragists unveiled a tablet today.  
Her daughter, Alice Stone Blackwell  
of Boston, now one of the leaders  
in the movement, is the principal  
speaker at the exercises.

Mrs. Stone attracted national at-  
tention when she was threatened  
with arrest for refusing to pay her  
taxes. She protested long years ago  
that as she had no voice in the gov-  
ernment it was taxation without re-  
presentation. Her goods were sold  
by the town. With her infant daugh-  
ter on her knees as an inspiration,  
she wrote out a protest against un-  
fair taxation and insisted that wo-  
men should have the right to vote.

An automobile parade through the  
Oranges, Newark and Montclair will  
follow the unveiling of the tablet.

## DOMESTIC SCIENCE.

Domestic Science is the art of  
preserving husbands.  
It is a comparatively new in-  
vention. Up to a  
few years ago,  
young brides  
treated their hus-  
bands with heart-  
less cruelty. For  
many years hu-  
sband societies  
protested against  
this treatment while  
allowing young  
wives to make  
granite biscuits  
and feed them to  
their husbands in  
order to find out  
whether or not they  
were edible.

Many an innocent husband has  
come to a sad end by eating in-  
soluble pancakes and Harveized  
cake fed to him with loving words  
by a wife who had too much faith  
in a cook book or a fluffy memory.  
In domestic science the young  
woman does not use a husband for  
experimenting purposes. She goes  
to a college and learns to make  
cake out of a chemistry text book  
in a bomb proof laboratory. When  
the cake is finished it is examined by

MERCHANTS AGREE OUTLOOK  
FOR FALL AND WINTER IS GOOD

Smarter Activity in Metal Manu-  
facturing, Relatively Excellent Crop  
News and Further Slight Improve-  
ment in Lines That Long Have  
Lagged Are Some of the Chief  
Features of the Week's Develop-  
ments.

New York, Aug. 13.—Bradstreet's  
tomorrow will say:

Enlarged house trade, country  
wide optimism, smarter activity in  
metal manufacturing, further slight  
improvement in lines that long have  
lagged, heavier buying of pig iron at  
advanced prices, relatively excellent  
crop news, war orders that overflow  
regular channels to plants not heretofore  
engaged in that respect, better  
collections, increased calls for  
money with which to move crops,  
some, though not satisfactory, relief  
in the way of higher freight rates  
for western railroads, a heavy influx  
of gold to help bolster weak rates  
for foreign exchange, which are at  
new record low levels and sustained  
public interest in the stock market,  
comprehend the chief features of  
the week's developments. Practically  
all merchants agree that the out-  
look for fall and winter is excep-  
tionally good.

STOCKHOLDERS PROBE  
CORRESPONDENCE SCHOOLS

Affairs of Twenty Million Dollar Cor-  
poration Will Get Court Airing—  
Management Denounced.

Caden, N. J., Aug. 13.—Thousands  
of stockholders in the International  
Educational Publishing Company,  
the twenty million dollar corporation  
formed six years ago to sell corre-  
spondence instruction in Europe and  
Latin-American countries, are await-  
ing with anxiety the report of an  
investigating committee which will  
be submitted at the postponed meet-  
ing of stockholders here today. For  
a month the committee has been in-  
vestigating the affairs of the com-  
pany, for the stockholders demand  
a statement of its true condition.

When the stockholders met here  
a month ago, they learned that the  
liabilities in capital stock and other  
obligations exceeded \$19,000,000 and  
its assets were slightly over \$18,-  
000,000. The feature of this report  
which excited the anger of the  
stockholders was the statement  
that of the eighteen millions of as-  
sets, \$11,000,000 was represented by  
"good will." The management of  
the big company was vigorously de-  
nounced.

Many of the stockholders are also  
owners of stock in the other corre-  
spondence school ventures of T. J.  
Foster at Scranton. These include  
the International Textbook Company  
which owns the big correspondence  
schools, the Lackawanna Coal and  
Lumber Co., the Coal Lands Securi-  
ties Co., and other Foster-Connell-  
Griffith promotions. Among the  
stockholders are many aged men and  
women, who have invested their all  
in the big corporations.

Since the beginning of 1911 it is  
claimed the public of the United  
States and Canada have invested at  
least \$40,000,000 in cash in the Fos-  
ter enterprises. During the past few  
months there has been apprehension  
among the holders of stock as to the  
earning capacity of the investments,  
and the Foster enterprises are under-  
going reorganization.

TRY ALLEGED SLAYERS  
OF SHERIFF.

Osceola, Ark., Aug. 13.—Trial will  
begin here today for the men round-  
ed up for the killing of Sheriff Mauldin  
during a raid on a bootleggers'  
rendezvous on Island 37 in the Mis-  
sissippi River near this town. The  
raid and shooting took place two  
weeks ago. The accused men in-  
clude a negro who is charged with  
firing the fatal shot a white man al-  
leged to be the owner of the place,  
and eight white men and ten neg-  
roes, who were also rounded up.

Don't Suffer With  
Chronic Disease  
Let Me Cure You

I Will Give Consultation Free at the  
Hotel Dunlap from 9 a. m. Tues-  
day, August 17, until 4 p. m.  
Wednesday, August 18.

I am having the greatest success  
with my New Neuropathic System of  
treating diseases, in the cure of  
chronic rheumatism, uric acid con-  
ditions, kidney and bladder troubles,  
paralysis, shortness of breath,  
stomach and liver troubles, constipa-  
tion, blood and nervous diseases,  
catarrh, deafness, eye troubles and  
every curable chronic disease or  
weakness.

Read what Mrs. Vaughn says of  
this treatment:

July 15, 1915.

Dear Doctor:  
I had been suffering with liver  
and nervous trouble for years and  
for over a year had had constant  
sick headaches, palpitation of the  
heart, shortness of breath, severe  
pain in my back and was sore all  
over and tired all the time, and sick  
at my stomach and my strength was  
failing rapidly. I had tried many  
doctors without any benefit and was  
absolutely discouraged and despaired  
of ever being cured. When I came  
to you I did so entirely to please my  
family as I, myself, no longer had  
any hope that anyone could cure me,  
but you seemed to understand my  
case so thoroughly that I thought I  
would try you just once more; and  
I took your treatment and to say  
that I am glad is putting it mildly,  
for I am well again, feel better than  
I have for years, and my only re-  
gret is that I did not come to you  
long before I did, for I know you  
could have saved me many months of  
suffering. I am very thankful for  
the cure you gave me and will sur-  
ely and strongly advise any one suffer-  
ing from chronic troubles to go to  
you for your treatment. Was a God  
send to me, and wishing you the  
greatest success I am,  
Gratefully yours,

YANKS RELEASE THREE.  
New York, Aug. 13.—The New York American league club tonight announced the release of Ed Sweeney, catcher; John Warhop, pitcher and Charles Mullen, first baseman, to the Richmond team of the International league.

Sweeney and Warhop have been with the Yankees since 1903. Sweeney, it is said, will be the highest salaried player in a minor league as he has an \$8,000 contract which does not expire until the end of next season.

## MURPHY TAKES TWO GRAND CIRCUIT EVENTS

SADIE S. CAPTURES THE 2:13 TROT.

Major Ong Takes He 2:09 Pace in Straight Heats—Lelia Patchen Upsets the Dope By Winning the 2:06 Pace.

Grand Rapids, Mich., Aug. 13.—Tommy Murphy's mounts were driven to firsts in two of the three events carded for Grand Circuit get-away day here today. Sadie S. won the 2:13 trot in the exceptional time of 2:07 3-4, 2:07 3-4 and 2:07 1-4, which is the fastest time made by this class of trotters this year.

Major Ong was the other Murphy horse to win in straight heats, taking the 2:09 pace without trouble. In the 2:09 pace "Pop" Geers was distanced for the second time in the week.

Lelia Patchen, a third choice, upset the dope by winning the 2:06 pace in straight heats.

## "MORNING GLANCES" (By Gosh)

Philadelphia hit Rudolph hard yesterday finally driving him to cover in the sixth inning. Alexander was effective at all stages and kept Boston's hits well scattered.

Cincinnati won from Pittsburgh yesterday by a score of 4 to 3. The Pirates looked to have the game won up to the ninth, the score being 3 to 1 in their favor. Cincinnati, however, started a batting rally and put three runs over, winning the game. The Reds only got six hits off of Harmon but most of them came in the ninth.

Washington looked like all the rest of them to the fast flying Red Sox yesterday. The Red Sox took advantage of the break in the ninth when singles by Lewis and Gardner a wild throw and a passed ball allowed the winning run to come over.

Iron Man Jack Coombs is surely the season's comeback and a real one. Yesterday Coombs pitched against the Giants and but for an error by O'Mara would have scored a shutout. The final score was 6 to 1. The Superbas got ten safeties off of Perritt and Schupp.

New York beat Philadelphia in the American Friday by a score of 3 to 2. The contest went twelve innings and was won by Caldwell's single which sent Maisel home with the winning run. Caldwell was pinch hitting for Boone.

Connie Mack tried the trick of passing batters purposely in the game with New York yesterday. Mack ordered Wyckoff to pass Cook and Hartzell. This filled the bases and Donovan sent Caldwell into bat for Boone, a regular. Caldwell came through thus again refuting the theory that passing a batter intentionally is god baseball. This has been tried several times in the major leagues this year and so far it has failed to win.

Buffalo shutout St. Louis twice yesterday. The scores being 1 to 0 and 6 to 0. Schulz allowed but four hits in the first game while Anderson allowed seven in the second.

Baltimore and Pittsburgh broke even in a double header Friday, Pittsburgh winning the first game 4 to 1 and Baltimore the second game by a score of 3 to 2. Chief Bender lost the first game for Baltimore, the Stogies nailing him for eleven hits. Baltimore inaugurated a 10-cent admission price Friday and the result was the largest week day crowd of the season.

Brooklyn wiped up the diamond with Kansas City yesterday, the final score being 9 to 2. Stovall used fifteen players but could not stop the Brooklyn attack.

## MILLET AND BARBIZON.

The Great Painter's "Visit" to the Hamlet He Immortalized.

In an article on Millet in "Sketches of Great Painters," by Edwin Watts Chubb, there is an interesting account of how this famous French painter happened to be forever associated with the hamlet of Barbizon.

"In 1849 a Norman peasant," writes Mr. Chubb, "with his wife and three children, drove to a footpath leading to the little hamlet of Barbizon. They were near the great and beautiful forest of Fontainebleau, but at this moment they had little interest in the magnificent forest, for it was raining, and they had to abandon the highway and their vehicle to enter the pathway that led to the hamlet. The man was well built and with a good and notable head. His shoulders were the strong shoulders of a man of thirty-five, so he placed thereon his two little girls, while his wife followed with an infant in her arms. By her side walked a servant carrying a basket of provisions. Together the little party trudged through the rain, the mother raising her skirt to protect the little one from the rain. A peasant woman thought a band of strolling players was arriving.

The sturdy father of the family was Millet, the man destined to immortalize the little village of Barbizon. He had come down from Paris the day before with his friend Jacques to find a quiet little hamlet on the edge of the forest. Jacques had learned of this ideal spot, but had forgotten the name, except that it ended in 'zon.' They had found it at last, and there Millet intended to remain 'for a time.' He remained for twenty-seven years—that is, to the end of his life."

Rules on the Clermont.  
At the head of regulations for Fulton's "North river steamboat" (Clermont) was this paragraph: "The rules which are made for order and neatness in the boat, are not to be abused. Judgment shall be according to the letter of the law. Gentlemen wishing well to fo public and useful an establishment, will fee the propriety of strict justice, and the impropriety of the least imposition on the purse or feelings of any individual."

One of the rules on the Clermont read: "It is not permitted for any person to lie down in a berth with their boots or shoes on under a penalty of one dollar and a half and half a dollar for every half hour they may offend against this rule."

Frohman's Shyness.  
When David Belasco and Charles Frohman made their joint production of "A Celebrated Case" they sat together among the audience the first night. After the third act the audience called for them.  
"You take the call," said C. F., shrinking back.  
"Not without you," was Belasco's reply.  
"But I have never gone before the curtain in my life."  
"But I can't without you."  
"I am the proprietor of this theater," returned Mr. Frohman, "and you must do as I tell you."—New York World.

## JUST TAKING A NAP.

Never Lie Down Dressed Without a Covering Over You.

When dropping down on a couch for a nap during the day many persons seem to feel that, because they are fully dressed, it is not at all necessary to add extra covering.

While we are awake we are constantly in motion of some sort. Every movement, no matter how slight it is, brings into action some muscles. Every time an effort is made the blood rushes forward to deluge those moving muscles. The heart beats more quickly following effort, and the air streams in greater abundance into the lungs.

All of this means that action, and the consequent effort creates and keeps up what we call normal bodily heat.

Now during what we call sleep all these conditions are changed. The muscles rest as well as the brain. The heart beats more slowly, and the breathing is, in consequence, more quietly done—all of which tends to bring about the lowering of the body temperature, and the sleeping person loses some of this heat. He senses or feels this loss readily and often, if he has lain uncovered, such a person is heard to complain of feeling cold upon awakening.

Therefore to enable one to keep in or retain the normal bodily heat while sleeping, even if the sleeping is done in a warm room, one should not fail to have a covering of some sort ready at hand.—St. Louis Post Dispatch.

## THE SUMMER ROOM.

White, Black and Rose Make Stunning Decorative Scheme.

The fad for black and white wall papers grows apace, and the cretome of cretonnes to use with such wall paper is black of ground and splashed over with great, glowing red roses. Can you visualize the smartness of a country house living room papered in black and white stripes, hung with a few black framed etchings and one or two gilt framed mirrors, and furnished with black wicker furniture and this splendid rose covered black cretome?

English officers' wives who make homes in India depend for nine-tenths of their furnishings on cretome. Furniture in the official quarters is of the simplest sort, but twenty or thirty yards of fresh chintz, taken out from "home" and used to cover chairs, couches and tables, turn the austere living rooms into bowers of homelikeness and daintiness. Some of the new summer cretonnes cost but 10 cents a yard—in pleasing patterns too. For 20 cents a surprisingly attractive pattern may be secured, and twenty yards at 20 cents a yard will achieve marvels in the way of giving a country house living room a homelike air.

The woman with a true eye for color is careful about the books and magazines that lie about her living room. A blue book in a gray and blue room may focus all the color and be very effective. Such a book placed conspicuously in another room may be a horribly jarring note. Magazine covers are bright in color, and the cover that harmonizes with its surroundings will happen to be on top of the pile of magazines in the room of the artist's hostess.

## The Camel's Stomach.

The stomach of a camel is divided into four compartments, and the walls of these are lined with large cells, every one of which can be opened and closed at will by the means of powerful muscles. When a camel drinks it drinks for such a long time you really think it never meant to leave off. The fact is that it is not satisfying its thirst, but is filling up its cistern as well. One after another the cells of its stomach are filled with water, and as soon as each is quite full it is tightly closed. Then, when a few hours later the animal becomes thirsty, all it has to do is to open one of the cells and allow the water to flow out. Next day it opens one or two more cells, and so it goes on day after day until the whole supply is exhausted. In this curious way a camel can live five or even six days without drinking at all, and so is able to travel quite easily through the desert, where the wells are often hundreds of miles apart.—Exchange.

### HOW TO USE SOURED MILK.

Science has offered us positive evidence that the bacteria that make milk sour are most healthful, provided the milk has been properly cared for during the change.

This is pleasant news to most adults, for invariably grown-ups enjoy the taste of lactic acid; children rarely do and this is natural for they do not need acids as their elders do.

Soda is added to sour milk to neutralize the excess acid. This of itself is not harmful but some bakers think if a little soda does such work as a quantity will accomplish more. This tendency to use too much soda has brought condemnation upon a useful practice.

One-half a teaspoon of soda is sufficient to use with one pint of soured milk or one cup of baking molasses.

Some years ago soda was not refined for baking uses as it is now; it was bitter tasting and far too strong, so boiling water was poured upon it to weaken its disagreeable qualities.

The best brands of soda today, are mild and just right for household uses; much of the strength of this article is lost if hot water is used with it. Therefore I make it a rule, when baking, to never mix soda with hot liquids.

Sugar cookies have a peculiarly good taste when mixed with sour milk. A cookie jar is easily filled when the following recipe is used:

Beat two-thirds of a cup of butter with one and a half cups of soft sugar to a cream. Add one and a half cups of sour milk, milk or buttermilk to this. Sift four cups of flour, one teaspoon of soda and a half a teaspoon of salt together, then sift it again into the above mixture. Flavor, and bake cookies in hot oven. This dough should be kept cool while rolling and cutting.

The regular monthly meeting of the W. C. T. U. at the home of Mrs. S. A. McIntosh, Wednesday afternoon, the following officers were elected for the ensuing year:

President—Mrs. Jas. Railway.  
Vice Pres.—Mrs. Geo. Hyde.  
Second Vice Pres.—Mrs. George Unland.

Secy.—Mae Wilson.  
Cor. Secy.—Mrs. James Galloway.  
Treasurer—Mrs. George Unland.  
Organist—Mrs. Fred Brookhouse.  
Supt. Social Work—Mrs. Carrie Christians.

Supt. Flower Mission—Mrs. Belle Savage.  
Supt. Mother's Meeting—Mrs. Will Hale.

### ASBURY.

A home coming will be held at Asbury church all day Sunday, August 15. At noon a basket dinner will be enjoyed. Services at 10:30 a. m. and 2:30 p. m. All friends are cordially invited.

Mrs. Rodgers and son of Milwaukee, Mrs. York and Mr. and Mrs. Walter Martin and son James of Jacksonville were Sunday guests at the home of Carl York.

Mr. and Mrs. A. B. Green attended the family reunion at the home of Mr. and Mrs. Everett Anderson near Auburn recently.

Mr. and Mrs. Fletcher Patterson and Farrell Wagstaff of Winchester and Mr. and Mrs. George Hembrough spent Sunday with Mr. and Mrs. Frank Hembrough.

Miss Elizabeth Hembrough left Saturday for an extended visit with Miss Sarah Dietrich near Concord.

Mrs. Claud Winter and daughters Alma and Inez from south of the city, were Friday guests of Mrs. C. E. York.

Mr. and Mrs. Robert Jennings of Ottumwa, Iowa spent the first of this week with Mr. and Mrs. E. R. Hembrough.

Mrs. William T. Craig and Miss Minnie Green entertained the members of the Larkin club with a picnic dinner at the home of Mrs. Craig last Wednesday. In the afternoon a musical program was given by Misses Sarah Reece and Helen Craig.

Miss Elsie Reed of Jacksonville spent last week with her cousin, Mrs. George McKean.

Mrs. Richards and daughters Nina and Margaret of the city were Thursday guests of Mrs. Carl York.

### TWELVE INCH SHELLS.

These Big Projectiles Carry a Thirty Pound Explosive Charge.

High power projectiles are constructed with cavities in their centers which contain the explosive charge, the explosive carried varying with the size of the projectile. A twelve inch shell, weighing 870 pounds, carries about thirty pounds of explosive. The cavity of such a projectile is about seven inches in diameter at the base, and gradually tapers in size toward the point. After the charge is placed in the projectile a plug is screwed into the base, thus sealing up the explosive, and a fuse is inserted in the center of the plug extending into the explosive within the cavity.

The fuse, without which the explosive is harmless, depends upon the high rotary motion of the shell to become active. This rotary motion is imparted by the rifling of the gun. In the smooth surface of the tube are cut the rifling grooves of a width of about one-eighth inch.

Round the shell, near its base, in a groove cut for the purpose, is compressed what is known as the rotating band. This band projects above the surface of the shell and corresponds with the rifling grooves, so that upon its discharge it is forced into the rifling, where it acts as a seal to prevent the escape of the gas formed by the exploding powder and gives the shell the required rotary motion, which keeps it on its true course with its point always in a direct line ahead.—London Tit-Bits.

### PECULIAR OCCUPATIONS.

Those of the Bacteriologist, Anthropologist and Plant Doctor.

What man leads the most peculiar modern life? The question is not an easy one to answer offhand, but it is doubtful if any one spends his days in a more strange manner than the bacteriologist. Day after day, week after week, year after year he works in the laboratory, into which only the privileged may enter, studying the microbes of disease. He may not open the window lest he infect the whole neighborhood with typhoid or diphtheria, or any other diseases with which he is at close quarters all day. He encourages bacteria to multiply, and then through a microscope, or sometimes with the naked eye, he watches how they spend their time. In order that he may combat their deadly influence.

While the bacteriologist looks forward, the anthropologist looks backward. He is the man who dashes off to any place when he hears a deep excavation is being made, and hopes always that he will find a skeleton, and especially a skull, for he is never so happy as when he unearths human relics going back centuries.

The plant doctor is akin to the bacteriologist, for, like the latter, he spends much of his time in the laboratory, not studying the enemies of the human world, but the enemies of the plant world, and he is very proud when, after diagnosing and treating the various ailments of flowers, he runs across, say, the enemy of a rose, and finds how it may be kept from doing harm.—London Tit-Bits.

### Poor Humanity.

"Success in aeronautics, as in most things," said a prominent aeronaut, "is achieved by patience and faith in oneself. Pessimists, like my friend's new gardener on Long Island, would not accomplish much in work like mine. This man was raking leaves off the lawn one fall day when a neighbor passing by inquired of him:

"Where's the gardener who used to work here?"  
"Dead, sir," was the reply.  
"Dead," said the astonished neighbor. Then, musing, he added, "Joined the great majority, eh?"  
"Oh, sir," the gardener interrupted in a shocked voice, "I wouldn't like to say that. He was a good enough man as far as I know."—Lippincott's.

### Storks in Holland.

Nowhere else in the world does the stork stand in higher regard than among the people of western Holland. Nothing is regarded as more indicative of good fortune to come than for a pair of storks to build their nest in the chimney of a humble cottage. However humble that cottage may be, the occupants feel that the stork's nest promises many blessings in the future. The farmers erect long poles with a box at the top in their fields, feeling that if the birds build their nests there both the quality and the quantity of their crops are assured.

### False Logic.

"Women are all alike," declared the disappointed suitor bitterly.  
"Oh, I don't know," responded the maiden airily. "You must not draw general conclusions from the fact that all the women you have known managed to get on to your curves."—Richmond Times-Dispatch.

### Good Guess.

Redd—Been out in your new automobile?  
Greene—Yes. Had trouble going out. We stopped several times, but coming back we didn't make a stop.  
"I see; you were towed home."—Yonkers Statesman.

### Knew Him.

"Well, how about that little bill?"  
"But I told you to call at 4 o'clock, and it is only 3 now."  
"I know it; I wanted to catch you in."—Houston Post.

"Pessimistic, is he?"  
"To the ultimate limit. He couldn't even imagine a castle in the air without a mortgage on it."—Judge.

### JOHN MORRISEY WAS DRAWN INTO SWIFT RIVER CURRENT

Further Particulars Are Received of Drowning of Former Jacksonville Lad—Companions Struggled to Save Him.

Further particulars of the drowning of John B. Morrisey, son of Mr. and Mrs. John B. Morrisey, formerly of this city, in Yellowstone river, have been received by Mrs. J. J. Bergschneider and family of 429 South Diamond street. The letter and the clipping were sent by Miss Marguerite Morrisey with the statement that the family thought this would be the easiest way to tell their friends here of the great sorrow which had come to their home.

According to the clipping sent it seems that young Morrisey was swimming with two other boys in the Yellowstone river when he was caught in a swift undercurrent in a slough on the Miller ranch about a mile and a half west of Billings. The boy's two companions were Frederick Crawford and James Summers, and they risked their own lives in a fruitless effort to save him. The three boys started out on a pleasure trip and first went to Riverside park and then walked up the river to the slough where they decided to go in swimming. John Morrisey it seems was standing on a ridge in the middle of the slough when he lost his balance and fell backward into deep water. Instantly the Crawford boy jumped to the aid of his companion and both were pulled down by the swift undercurrent. Then the Summers boy jumped in to save his two companions and he was also caught by the current. Summers with a struggle and well nigh exhausted succeeded in swimming to the shore. Crawford with Morrisey clinging to him once reached the shallow water but Morrisey's foot slipped and they were both rawn again into the water.

Then Summers plunged again to the rescue and succeeded in pulling Crawford to the shore. He reached for Morrisey and had him by the hair for a moment when the struggling boy tore from his grasp and disappeared beneath the water. Summers and Crawford hastened to the Miller ranch nearby and assistance from Billings was sent for. Members of the police and fire department and attendants at the municipal bathing pool were soon on hand and the boy was recovered. A pulmotor was used in an effort to resuscitate the boy but these efforts were unavailing.

The body was removed to an undertaking establishment and the second day following services were held at St. Patrick's Catholic church. The circumstances surrounding the lad's death were such that there was a very large attendance of sorrowing friends. John Morrisey is survived by his parents, his sister, Miss Marguerite, and by his uncle and aunt, B. M. Sheehan and Mrs. David Pratt, both well known residents of Billings. The boy last year was one of the popular students at the Billings high school and had but recently completed arrangements to enter St. Thomas college at St. Paul for the coming year.

### QUALITY NOT QUANTITY IN COLLEGE WORK.

"College and university education has outgrown the boom stage," declares Dr. Samuel P. Capen, in the annual report of the U. S. commissioner of education, just issued.  
"The day of the academic promoter of the inflation of values is over," continues Dr. Capen. "Expansion is still going on, but for the most part unaccompanied by the frenzied advertising so common in the past and encouragingly free from the optimistic confusion of prospects and realities. The developments of the year strengthen the condition which has been ripening for some time that higher education is now looking to its foundation and setting its house in order."  
"Colleges and universities have come under the sway of the slogan 'efficiency.' Surveys undertaken by outsiders and by officials of the institution to be examined have become increasingly frequent. There has been vigorous activity on the part of several voluntary associations that concern themselves with standards of entrance, graduation, and constitutional equipment. Some of this activity has crystallized in the form of recommendations that will effect educational procedure over considerable areas. The adoption of some form of group system has been reported to the U. S. bureau of education by 21 institutions, undoubtedly only a fraction of the whole number of colleges that have taken this step."

The idea that it is quality rather than quantity of work done by a college student that counts toward effective education, has already received tangible recognition in a few institutions through the granting of extra credit for quality, says Dr. Capen. Several prominent institutions have been formed; and several others are experimenting with new types of vocational courses related to local industrial activities.  
Dr. Capen mentions Montana, Kansas and Idaho as "three more states where the administration of state institutions of higher education has been further centralized through recent legislative action."

### AMERICAN HISTORICAL ROMANCE AT LIBRARY

List Includes Stories of Colonial Days to Works Depicting Recent Social Conditions.

The librarian has compiled a list of volumes of American Historical Romance which includes stories of the earliest colonial times, tales of the Revolution and Civil War and books on later political and social conditions and may be borrowed at the library. The position of the United States just now in international events makes interest in things historical especially keen, and for a true conception of historical backgrounds the historical romances is invaluable.

### CROSSES OCEAN 2,000 TIMES; RETIRES.

Liverpool, Aug. 13.—When the American line steamship St. Louis reaches her dock here tomorrow the purser, Howard E. Hinsley, will retire from sea service. He is completing his 1,000th round-trip to America, and has therefore crossed the Atlantic 2,000 times. He is 60 years old, and has been at sea since he was 12. He has confided in his friends here that he has selected a little farm in Scotland where he will settle down. It is figured that Hinsley has traveled over 6,500,000 on the ocean, and that if his journeys were continuous, he would have circumnavigated the globe 260 times.

### DETROIT MAN FACES SENTENCE FOR DYNAMITING

Is Accused of Causing an Explosion in the Peabody Plant a Few Months Since—Believe That He is Agent of Men Higher Up.

Detroit, Mich., Aug. 13.—William Lefler of Detroit, who was found guilty in the Canadian courts of causing the dynamite explosion in the Peabody plant on the Canadian side some months ago, faces today a sentence of a term of years in a Canadian prison. A stay of sentence was granted until today, in order that the case might be viewed by the higher court in Toronto.

Judge Bromgole, who heard the case in the Sandwich, Ont. court two weeks ago, held that the evidence against Lefler was satisfactory. Throughout the border towns there is nothing but sympathy for the Detroit man. He is regarded as a weak tool of men higher up, and it is admitted in Canadian official quarters that, had the authorities been able to get those higher up, Lefler would have been freed.

The accused man, since his confinement in jail following the blowing up of the Peabody plant, has been a model prisoner. He has become the leader in prayer and the religious adviser of his fellow prisoners. Before his arrest he was a member of a Detroit Methodist Episcopal church.

It is claimed by Lefler's attorney, in seeking a review of the case before the higher court, that the conspiracy charge was unproven, as it was not proven that Lefler had

caused the Peabody explosion. In fact, he maintains, it had even failed to establish that the plant was blown up by dynamite as charged. Outside of a so-called "confession," Lefler's attorney claims the prosecution showed nothing to connect Lefler with the blow-up.

The Crown attorney, who was sustained by Judge Bromgole, claimed that Lefler's connection with the explosion had been demonstrated again and again in the evidence heard. It was claimed that he had talked about it to his fellow-conspirators, that after the Peabody plant explosion, he had expressed his astonishment at the failure of the sticks of dynamite placed at the rear of the armories to go off.

### BIG OUTING FOR STORM SUFFERERS

Cincinnati, O., Aug. 13.—Fifteen to twenty thousand people are expected to attend the big outing at Crowe's park tomorrow, for the benefit of the many sufferers from the recent tornado which swept through Delhi township. The outing will be an all-day affair, and a big fund will be raised.

### MASON CITY ATTORNEY HERE.

William E. Stone, an attorney of Mason City, was in the city on business Friday. Mr. Stone is a Past Great Sachem of the Improved Order of Red Men of Illinois. He received the honors at Mattoon at the same time they were conferred on J. F. Brennan. He is at the present time Great Prophet of the order and is a representative to the Great Council meeting of the United States which will be held in Chicago next month.

### MORTUARY

Noland,

Jacksonville friends are in receipt of word telling of the death of the Rev. John Noland, former pastor of McCabe M. E. church. Rev. Mr. Noland has held a charge at St. Charles, Mo., after leaving Jacksonville last March. He was at St. Louis attending a church conference when stricken suddenly by heart trouble. While in Jacksonville, Rev. Mr. Noland resided at 336 Madison street. He is survived by a wife and one daughter and was a man slightly past middle age. He filled the pulpit at McCabe church one year.

Miss Annie George, of Griggsville, died at Our Savior's hospital at 2 o'clock Friday afternoon after an illness of two weeks. Deceased was 40 years of age at the time of death. Miss George had been suffering from a tumor for some time and was brought here in the hope that a surgical operation could be performed. It was found that her condition was too serious, so it was not attempted.

She is survived by her mother and the following brothers and sisters: Mrs. Thomas Underwood and Mrs. Fred Davis, of Pittsfield, and Miss Nellie George, and John, William, Robert and Harry George, all of Griggsville.

The remains were taken to Gihlham's undertaking establishment and prepared for shipment. They will be taken to Griggsville today where interment will be made.

GREAT CROPS IN OKLAHOMA

E. E. Crabtree has returned from Lawton, Okla., where he has spent the past ten days with his father who has been seriously ill. Mr. Crabtree said yesterday that the crop conditions in Oklahoma are the most satisfactory for many years. There has been so much rain that the crops are far ahead of any record for the past fifteen years. No better evidence of this condition could be given than the statement that in one small town which Mr. Crabtree had occasion to visit the dealers had sold this season twenty-eight threshing outfits. Binders were shipped to the state by the train load, so great was the demand. There had been such poor crops for several years that dealers were carrying no stocks of harvesting implements, and so the great crop this year necessitated extraordinary shipments.

WILL NOT INCREASE GRAIN FREIGHT RATES.

According to a statement in the Bloomington Pantagraph A. N. Steinhart, secretary of the Illinois Farmers Grain Dealers association, has received a telegram stating that the grain rate case which has been before the interstate commerce commission for several months has been decided in favor of the farmers. A. D. Stevens of Springfield who has appeared for the petitioners in the Jacksonville rate case, was one of the attorneys who handled the farmer's grain case. The decision it is said means a saving of about ten million dollars a year to the farmers of the state. The proposed increase of rates would have increased the cost of hauling grain to market ten per cent.

### SOCIAL EVENTS

Entertained at Dinner.

Miss Helen Dinsmore entertained last evening for the members of the senior class of 1915 of I. W. C. who are in the city, at her home on West College avenue. After a splendid dinner had been served at 6 o'clock the young ladies attended the show at the Opera house.

Chicken Fry Supper

At Brooklyn Church.

The chicken fry given on the lawn of Brooklyn M. E. church Friday evening proved a successful event. Many took advantage of the opportunity to secure supper and all were pleased with its excellence. A number of people outside of the church gave donations for which the membership feels most grateful. The ladies who fried the chickens were Mrs. Lee Wiegand, Mrs. George Belzer and Miss Nettie Platt. The following were the committees in charge:

General Committee—J. H. Reid, chairman, T. B. Reeve, Leroy Potter, Mrs. Charles Redding, Mrs. Eva Potter and Mrs. J. H. Clements.

Potatoes—Mrs. J. H. Clements. Salads—Mrs. M. M. Cordes, Mrs. D. A. Barton.

FIFTY DOLLARS GIVEN TOWARD OILING ROADS.

South Jacksonville Makes Contribution—Springfield to Oil Twelve Miles on Road Toward This City.

Contributions are coming in for the oiling of Hardin avenue and the committee in charge believes that the entire sum will be forthcoming. Friday Mayor H. J. Rodgers received a contribution of \$50 from South Jacksonville. As formerly stated it will take \$200 if the road is sprinkled 12 feet in width, and \$300 if eighteen feet is oiled. Secretary Weber is assisting the Mayor and they hope that all those who can in any way contribute will do so at their earliest convenience, as chaqueta week is near at hand.

Confer About Good Roads.

There has been much discussion among the business men and farmers about using the state allotment to each county for oiling the roads. As the law is now this is not allowable. Land owners interested in the Springfield-Jacksonville road met Thursday in Springfield with Chairman Jacob Frisch of the board of supervisors and Superintendent of Highways E. H. White to discuss the use of the annual state fund. The fund amounts to \$8,000 and it was decided to use this money for draining, grading and oiling the road. Twelve miles of highway improvement is contemplated along the Jacksonville road.

### MATHEW MINTER HAS RETURNED FROM CHICAGO HOSPITAL

Jacksonville Citizen Rejoices in Returning Health After Long Period of Illness.

Mathew Minter, who has been ill in Chicago for some weeks has returned home and is so much improved in health that he was able to be in the business district yesterday. Mr. Minter has been sick for about seven months and before going to Chicago was at a local hospital. Then by advice of his physician, Dr. Woltman, he went to the Presbyterian hospital in Chicago, where he was under the care of Dr. Bevan, a specialist in cases of his kind. At the hospital Mr. Minter had the very best care and the most skilled medical and surgical attention, and when he was operated upon a large number of surgeons was present in addition to Dr. Bevan. The condition was such that only the fact of Mr. Minter's strong physique and his temperate habits through a long period of previous years made his recovery possible. Now he is on the high road to normal health and expects before long to be able to resume his regular duties. When he first went to the Chicago hospital it was with the feeling that he would be far away from friends and home, but he soon found friends there and old acquaintances were frequent callers, so that the fear of isolation and loneliness soon passed from him and his regaining strength and health has paced him in a very grateful frame of mind.

An event that always attracts a crowd of buyers is the annual SHIRT SALE at FRANK BYRNS Hat Store. Now in progress.

### ALL DAY SERVICES AT ASBURY.

All day services will be held at Asbury church Sunday. Alva L. Snyder, secretary of the Y. M. C. A. will speak at 11 o'clock and in the afternoon the Rev. G. W. Plagge and the Rev. F. M. It is hoped that there will be a large attendance and that as far as possible all will stay for both services.

You will always find the latest styles in men's furnishings at KNOLES and the lowest prices.

### TO JOIN IN CELEBRATION.

At the regular meeting of the Women's Relief Corps held Friday afternoon, it was voted to join in Old Soldiers day at the chautauqua on the 27th. The ladies will participate in the basket dinner of that day. They will wear badges so that any women from away will be able to know who belongs to the W. R. C.

### RAILROAD APPEALS FROM UTILITIES BOARD

Alton and Jacksonville R. R. Wants a Larger Issue of Bonds.

The Alton and Jacksonville Railroad company, operating an electric railway between this city and Alton, filed an appeal in the Sangamon county circuit court Thursday, not being satisfied with the ruling of the state public utilities commission allowing them to issue \$191,000 capital stock and \$450,000 bonds in the re-organization of the company. After the company had decided to extend their lines from here to Peoria they applied to the utilities commission for permission to re-organize with a capital stock of \$750,000 and bonds of \$500,000. Their figures were cut down.

### BELIEVES HE IS HEIR TO MILLIONS

Buffalo Section Hand So Informed By New York Law Firm—Claims Brother Charles McGrath Formerly Lived Here.

According to a statement made by Newton McGrath, a section hand of Buffalo and his uncle John Austin of Riverton, they are to have a part in an estate of \$50,000,000 being so informed in a letter from a New York law firm. According to Austin it will run into several millions for each heir. It is reported that Charles McGrath of this city was one of the six children to participate in the fortune. So far there is no one who seems acquainted with Mr. McGrath.

Newton McGrath states that it will be necessary for him to find a sister, Mrs. Henry Stillwell, before the property could actually be apportioned, but that there was small doubt of their ultimately securing it.

The property is what is known as the old Mercer estate in New York City, and came from a grandmother of McGrath according to the letter. The six children are Newton McGrath, Buffalo; Mrs. Garry Beldeck of Springfield; Mrs. John Daniels of Peoria; Charles McGrath of this city, and Bert McGrath of Mechanicsburg.

Many men know and appreciate the annual Shirt Sale given by FRANK BYRNS Hat Store.

### \$1,000 INHERITANCE TAX.

According to the bill filed by Senator A. A. Leeper in Virginia, who has appraised the estate of the late George Conover, his estate is valued at \$118,054.40; \$20,000 of this sum is exempt from the inheritance tax and the total will bring a tax of \$1,000 to the state. Mr. Conover's personal property amounted to \$88,602.50.

### FRIDAY A LUCKY DAY FOR THIS PIKE COUNTY COUPLE

Harry McKinney and Miss Helen Louise Phillips Married at the Pacific Hotel—Jacksonville Bachelors As Witnesses.

Friday the Thirteenth does not matter when the course of true love is running smoothly. This evidently was the opinion of Harry McKinney of Neoga and Miss Helen Louise Phillips of Griggsville who were united in marriage in the parlors of the Pacific hotel Friday evening. The ceremony was said by Judge William E. Thomson in the presence of a few invited guests.

Mr. McKinney and his bride to be arrived in the city late Friday afternoon and registered at the Pacific Hotel. Mr. McKinney made known his desires to Assistant Manager George W. Scott. Mr. Scott is never happier than when helping others to become happy. He immediately got busy and proved to be the best master of ceremonies in these parts. He got in touch with C. A. Boruff, the county clerk and Judge William E. Thomson and soon had matters all arranged. Surely the romance of the couple could not have fallen into better hands than when they secured the services of Mr. Scott.

After making arrangements for the license and with Judge Thomson to perform the ceremony Mr. Scott decided that he should have some witnesses. He thereupon mustered a number of old bachelors, including Frank Leach, DeMotte Gages, Jean Cain, Louis Cain and George Cain. There also were present Mr. and Mrs. S. M. Campbell and John O'Donnell.

The groom is the son of Dr. and Mrs. H. P. McKinney of Neoga. He is a horticulturist and has been in charge of a large orchard near Griggsville. He will be in charge of an orchard near Timewell the coming year. The bride is the daughter of Mr. and Mrs. George Phillips of Griggsville and is a young woman of much personal charm. The couple will leave today for Timewell where they will make their home.

### MORE TAX COMPLAINTS FILED WITH REVIEW BOARD

Properties Will be Inspected Before Any Changes in Assessments are Ordered.

The board of County Commissioners met at a board of review at the court house and a number of complaints were heard. The board will later view the properties on which objections have been made and make a final decision. In addition to those already published in the Journal the following were filed.

Richard Vannier, southeast 40 south and west one half, southeast 38 southwest southwest 40 south and northwest 42. The claim is that the property is assessed higher than property adjoining.

John and James Galloway, Meredosia. Northwest one fourth section 18, township 16 range 12. Full value \$14,610; assessed value \$4,870. Fair value \$13,000. Assessed higher than similar land in that vicinity.

Henry Roegge, Meredosia. Southeast 5 and northeast one fourth of northeast one fourth of section 8, township 16 range 12. Full value \$3,900, and \$9,300. Assessed value \$1,230 and \$3,100. The assessment is higher per acre than any land in the township.

E. E. Hatfield, Jacksonville, lot 3 Enos addition. Full value \$7,845, assessed value \$2,615. Said assessment greater than price paid four years ago. Lots 10, 11 and 12 Robertson's addition, full value \$4,000, assessed value \$1,325. Offered to sell for \$3,000 but had not found a buyer.

Homer Potter, Jacksonville, the old Michael Walsh farm lying at the northeast limits of Jacksonville. Full value \$15,710; assessed value \$5,270 fair cash value \$12,000. Says Mauvais creek runs through land thus making crops uncertain.

W. H. Kilner, Jacksonville. Parts of lots 80 and 81 old plat Jacksonville. Full value \$35,000, assessed value \$11,665. Fair cash value \$30,000.

H. M. Burns, Waverly, lot 10 block 21, original plat Waverly. Full value \$2,400, assessed value \$800. Fair cash value \$1,500. Salter's addition sub-division lot 133 block 4, full value \$750, assessed value \$250, fair cash value \$575. Lots 15 and 16 block 8 original plat Waverly, full value \$2,700, assessed value \$900, fair cash value \$1,000. Part of southwest southeast section 2, township 13 range 8 two and one half acres and three old houses. Full value \$1,650, assessed value \$530, fair cash value \$650. One hundred and sixty-eight feet off the west side of lot 101 and all of lot 100, full value \$3,300, assessed value \$1,160, fair cash value \$2,800. On all of these properties the objection is made that prices of real estate have not advanced and that the assessment is to high in comparison with other properties.

Edward Wemple of Waverly east one half of northwest one fourth of section 12, township 13 and range 8, full value \$7,500, assessed value \$2,500, fair cash value \$6,400. Claims assessment is too high when compared with adjacent lands.

### CLARK TRIAL SET FOR TODAY.

H. C. Clark who was arrested Thursday on complaint of S. M. Campbell of the Pacific hotel was taken before Justice Dyer Friday morning. The court continued the case until Saturday morning in order that Clark could secure counsel.

Justice Dyer had quite a talk with Clark. Clark claims that he has an income of \$50 per month from his father's estate and receives a pension of \$12 per month from the government, being a veteran of the Spanish-American war. Clark says that he is a resident of Stafford, Ky., and that T. W. Harris whose address is Rural Route No. 6, Stafford, Ky., is the executor of his father's estate.

Clark also claims to be a member of I. O. O. F. lodge No. 156, of Stafford and gave the name of O. P. Evans as Noble Grand. Justice Dyer who is an Odd Fellow asked Clark where his traveling card was and was told that it was in his grip. The only excuse he had to offer for his conduct at the Pacific Hotel was that he was hard up. Justice Dyer will make inquiries as to the truth of the statements Clark has made.

### WILL DISCUSS DAIRYING.

The growing dairy interest of our community promise great things for the future. More than ever before our farmers are turning to cows and silos. Edward K. Slater knows both sides of the dairy business the practical and the theoretical. Raised on a big dairy farm he was State Creamery Expert and State Dairy and Food Commissioner of Minnesota and professor in the Dairy department of the Minnesota College of Agriculture and is now in the dairy educational work of the Bule Valley Creameries. In an address "The Dairy," Thursday afternoon, Aug. 26 at the Jacksonville Chautauqua. Of course, Mr. Slater will be glad to answer questions.

Get one of those \$1 chautauqua tickets while you can. The Journal office will supply you.

### BIRTHDAY DINNER.

Mrs. J. M. Hurst and her sister Mrs. J. W. Kemp of Roodhouse will go to Springfield today where on Sunday a surprise birthday dinner will be given for their sister, Mrs. Molly Redding.
